Action Taken Report of the Department

(On the basis of the suggestions made by the IQAC and Super Specialty Groups of the
Departments on the Feedback of all stakeholder)

Action Taken Report		
Department Name: Department of Sciences		
Feedback Session: 2018-19		
Curriculum Design		
Code	Recommendation by Super Specialty Groups of the Department	Action taken during design of Syllabus for 2019-2022
EG3103	R-6 Teaching learning process should be innovative and need effective course delivery.	Implementation and monitoring system of lesson plan for each course are done in ERP.
EC3101	R-3 The content delivery of the course follows according to time limit. More content need to be incorporated based on applications.	Proper observation started for managing timeline of content delivery by the faculty.
CY3106	R-4 Content of the syllabus is relevant to students and justify the syllabus. Its need to explain with more practical examples.	Implemented
MA3107	R-6 Use of E-content, other Online platforms must adopt for effective delivery of lectures.	Implemented QLRC, online courses like NPTEL, Coursera etc employed for providing blended learning.
CS3202	R-7 Quality of content in assignment and other activity is relevant to students as per BL level of question given in assignment. Faculty should try to involve new teaching learning methods.	Proper BL level are set for the questions of assignment. More interactive sessions are involved like video lectures, online content utilises to support interactive teaching process.
PH3206	R-2 Teaching learning process should be innovative and need effective course delivery.	Implementation and monitoring system of lesson plan for each course are done in ERP of University.

Other Teaching Learning Aspects		
Overall Teaching Learning Process	<p>R-1 Students are interested in a career of interdisciplinary areas, can take courses from other disciplines also. So range of Program electives / open elective should be introduced based on latest trend & technology.</p> <p>Teaching Skills should be improved through hands-on workshop.</p> <p>Project exhibition should be organised to encourage students to do higher level projects.</p> <p>Students should be encouraged for participation in National level competitions.</p>	<p>Introduced, Participated & Implemented</p> <div style="text-align: right;">  Registrar Quantum University </div>

Peer Group Learning	R-3 A2 assignments should be form of Mini project/ Research paper presentation based for fast learners& topics based assignment for slow learners	Implemented
Seminars & Workshops	R-5 For Depth knowledge of the subject, guest lectures, Seminars & workshops should be required for science students.	Organised
Communication Skills	R-5 Seminars should be done on Group discussion & resume building. Students must be giving presentations on any topic in every individual course given by faculties.	Conducted & Presentations assigned on different topics
Training for Placements	R-8 Two or three-weeks training programs should be organised on Technical Skills. Industrial Seminars & Workshops should be organised. Meeting with Training placement officer should be organised.	Scheduled, arranged & organised.
Industry Focused programmes	R-8 Industrial visit are essential to give students hand-on exposure and experience of how things and processes work in industries. Our institute organizes such visits to enhance students' exposure to practical learning and work out for a report of such a visit relating to their specific topic, course or even domain.	Organised
Library Visit & QLRC	R-6 Students may visit the library and utilises its resources Database and provided Online Public Access Catalogue (OPAC) through which users can be accessed from any of the computer connected in the LAN can know the status of the book.	Implemented
