### Additional Recommendation towards Mission and Vision of the Department

Additional Feedback		IT Enabled Literacy	AR-1	More advanced and IT enabled course is introduced that will help the students in their assignments and project. Encouraging faculty for imparting Knowledge in LW-5101, 51025302, 5401, 5402.
		Communication Skills	AR-2	The More students' presentations are required to be implemented in LW5301, 5202, 5201, 5403.
		Teaching Learning Process	AR-3	FDPs have to be organized for the enhancement in Teaching Learning Process and in its Outcome derivation.
			AR-4	IPR related aspects have to be introduced with the intent to make the Outcome Based Learning more Effective in the areas of IPRs.
		Job Oriented curriculum	AR-5	Global Certification intervention is to be carried out at Academic Level.

	Reference Parameters Requiring Action		Ref No	Recommendations of SSG of the Department
Course Feedback	SFOS01 (2.31)	Quality of content, relevance & rigour	R-1	Syllabus need to add some more topics from the basic phenomenon of the Law. A revised and thorough syllabus is needed for various topics, especially Units 1, 2, 3, and 5.
	SFOS02 (2.14)	Qualitative classroom activities	R-2	Case studies should be added, and the curriculum should be expanded for greater balance.
	SFOS03 (2.17)	Course coverage respect to pace of learning	R-3	Syllabus is too short to study and not covered important topics.
	SFOS04 (2.20)	Qualitative Notes in different forms	R-4	There is a need of introducing case law/studies. Syllabus must have latest provisions of the Intellectual property Laws.
	SFOS05 (2.17)	Innovative Teaching Practice	R-5	Syllabus needs to incorporate the present day scenarios and laws related to contract Act,1872. The learning that occurs in peer groups is crucial to the students' learning. So, we should give the kids access to such peer group learning facilities. Assignment based A2 tasks should be given to both fast and slow learners.
	SFOS06 (2.16)	Usage of Alternative learning platforms	R-6	The syllabus is overly condensed and leaves out key information to be studied. Each fundamental course must incorporate case studies and make extensive use of QLRC. Hence, it must be put into practice. The use of theoretical economics models will be taught to the pupils. Hence, putting this into practice is a very important and pertinent aspect. The use of ICT facilities in the teaching and learning process is significant in the present day. In order to educate pupils about Computer literacy, some particular lectures should be delivered.

Registrar  
Quantum University

	SFOS07 (2.36)	Transparent and reliable evaluation system	R-7	It is advisable to use student presentations on the relevant subjects. Include communication skills in the curriculum of the course. Presentations by students are an effective way to help them improve their communication and presentation abilities.
	SFOS08 (2.14)	Job Oriented curriculum	R-8	To update the curriculum and create connections between syllabus components. VACs need to be expanded, students need to be motivated to join them, and there should be trainings for job placement.
