Additional Recommendation towards attainment of Program Outcomes

Additional Recommendations	Overall Teaching Learning Process	AR-1	It is essential for every fundamental course to extensively integrate QLRC and include case studies. This approach ensures practical application. By implementing blended models that merge theory with practice, students will gain valuable experience. Therefore, incorporating this methodology is a vital and relevant step forward.
	Peer Group Learning	AR-2	AR-2: To enhance students' learning, we should facilitate peer group interactions. Providing access to peer learning environments can significantly benefit their educational experience. We can assign group projects that encourage collaboration between students of varying skill levels. Implement peer tutoring systems where advanced students can assist those who may need extra help.
	IT Enabled Literacy	AR-3	To effectively incorporate ICT resources into the teaching and learning process, it is important to ensure students are proficient in computer literacy. Organize workshops focused on specific ICT skills, such as coding, data analysis, and digital content creation. Incorporate videos, animations, and

		interactive simulations to enhance understanding of complex concepts
Communication Skills	AR-4	Offer workshops focused on public speaking and presentation skills. Establish debate clubs where students can practice arguing their points and thinking on their feet. Facilitate regular group discussions on current issues to improve verbal communication and critical thinking. Organize panel discussions where students can present their ideas and respond to questions from the audience.
Guest Lecture and Workshop	AR-5	SSG recommended conducting Guest Lecture and Workshop by experts to enhance students knowledge on various legal aspects.
Moot Court Competitions	AR-6	SSG recommended Participation or organization of moot court competitions to simulate legal proceedings and enhance practical legal skills.
Legal Training Initiatives:	AR-7	SSG recommended workshops, seminars, or training sessions conducted to enhance legal knowledge and skills among staff or stakeholders
Case Study Analysis	AR-8	SSG recommended Analysis of relevant legal case studies or scenarios used for educational purposes to illustrate principles of law and their application.

Additional Recommendation towards attainment of Program Outcomes

Additional Recommendations	Overall Teaching Learning Process	AR-1	It is essential for every fundamental course to extensively integrate QLRC and include case studies. This approach ensures practical application. By implementing blended models that merge theory with practice, students will gain valuable experience. Therefore, incorporating this methodology is a vital and relevant step forward.
	Peer Group Learning	AR-2	To enhance students' learning, we should facilitate peer group interactions. Providing access to peer learning environments can significantly benefit their educational experience. We can assign group projects that encourage collaboration between students of varying skill levels. Implement peer tutoring systems where advanced students can assist those who may need extra help.
	IT Enabled Literacy	AR-3	To effectively incorporate ICT resources into the teaching and learning process, it is important to ensure students are proficient in computer literacy. Organize workshops focused on specific ICT skills, such as coding, data analysis, and digital content creation. Incorporate videos, animations, and interactive simulations to enhance understanding of complex concepts
	Communication Skills	AR-4	Offer workshops focused on public speaking and presentation skills. Establish debate clubs where students can practice arguing their points and thinking on their feet. Facilitate regular group discussions on current issues to improve verbal communication and critical thinking. Organize panel discussions where students can present their ideas and respond to questions from the audience.
	Guest Lecture and Workshop	AR-5	SSG recommended conducting Guest Lecture and Workshop.
	Moot Court Competitions	AR-6	SSG recommended Participation or organization of moot court competitions to simulate legal proceedings and enhance practical legal skills.

Legal Training Initiatives:	AR-7	SSG recommended workshops, seminars, or training sessions conducted to enhance legal knowledge and skills among staff or stakeholders
Case Study Analysis:	AR-8	SSG recommended Analysis of relevant legal case studies or scenarios used for educational purposes to illustrate principles of law and their application.
