Some of these Bachelor of Technology students in the fourth semester have been classified as Advanced learners based on the results of the Mid-Term Examination(Even Semester) conducted through online mode and administered by the department of Mechanical Engineering.

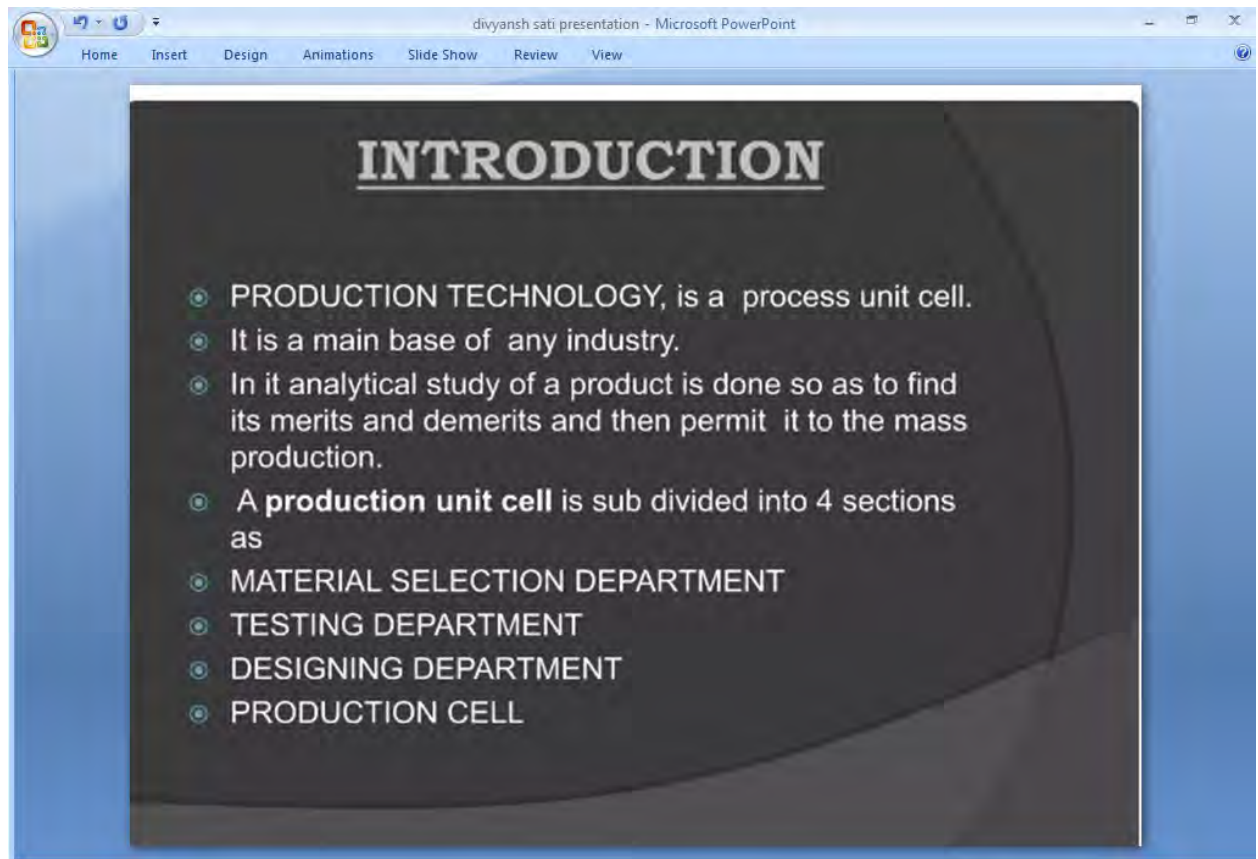

Advanced Activity:

Two Advanced Learner gave presentation on different topics in online mode due to covid-19.

Action Taken: -

1. Motivated the students to participate in various event and activities.
2. Guided them to enroll in the online courses like NPTEL, SWAYAM.

Impact Observed:-

1. Increases in number of student participation in various contests.
2. Students have applied for the online courses.
3. Students are motivated for taking the seminar in the classes.
4. Increases in number of students went for the internship.

ADVANCE LEARNER REPORT

On the basis of-

1. Students who carry more than 80% Marks in various subjects in the mid-term examination,
2. Throughout the year, regularity, sincerity, and performance.

The Department of Sciences has identified some advanced learner students in the first semester of the Bachelor of Science.

Below are the midterm results for students in the first semester of the Bachelor of Science program:

ADVANCE LEARNER ACTIVITIES

Students who are advanced learners have been encouraged to take part in the following activities by the Department of Sciences:

1. Debate Session
2. Flip Classes

Debate session was organized for Advance learner students

A Debate session has been organized with students. This was one of the interactive sessions. Six advance learner students has participated in it. This session conducted on 05/10/2018 on the topic Maxwell's theory.
