

Sample Award Letters of Research Fund received from Various Govt & Non Govt Organizations

Sr No	Name & Department of PI	Name of the Project	Purpose of Grant	Stature of Fellowship	Funding Agency	Approval Year	Link to the Award Letter
1	Dr. Shweta Sen, Department of Business Administration	Research & Analysis of Factors Influencing Stock Volatility & Pricing	Research	National	OPG Securities Pvt Ltd	20-21	Link
2	Dr Anjay Singh Bisht, Department of Agricultural Studies	Management of E-Rickshaws for Small Scale Farmers for agricultural transport in the villages of Uttarakhand State.	Research	National	Unique Energos Pvt Ltd	21-22	Link
3	Dr Ashish Saxena, Department of Business Administration	Cosumer research on Marketing of the New Materials For The Electrodes, Electrolytes, And Separators In Li-Ion Batteries.	Research	National	Unique Energos Pvt Ltd	21-22	
4	Deepak Singhal, Department of Business Administration	The Financial Optimization of the Electrode Design to Increase the Marketing	Research	National	Unique Energos Pvt Ltd	21-22	
5	G S Srivastava, Department of Business Administration	Investment decision and corporate diversification planning to analyze the market of E-rickshaws in Haridwar Region.	Research	National	Unique Energos Pvt Ltd	21-22	
6	Harish Kumar Rathore, Department of Business Administration	Merits and Challenges of E-Rickshaw as An Alternative form of Public Road Transport System: A Case Study in the State of Uttarakhand in India	Research	National	Unique Energos Pvt Ltd	21-22	
7	Dr Amit Dixit, Department of Computer Application	To Study the Development of Advanced Battery Management Syste (B) to Monitor and Control the Charging and Discharging Of Li-Ion Batteries to Extend their Lifetime And Ensure their Safe Operation.	Research	National	Unique Energos Pvt Ltd	21-22	

Registrar
Quantum University

8	Dr Amit Dixit, Department of Computer Application	The Optimization of The Thermal Management System to Prevent the Overheating Of Li-Ion Batteries and Maintain their Performance And Safety.	Research	National	Unique Energos Pvt Ltd	21-22	Link
9	Dr Chandani Sharma, Department of Computer Application	Emerging Technology to Enhance Charging Infrastructure for Li-Ion Batteries In Electric Vehicles Including Fast-Charging, Wireless Charging, and Smart Charging.	Research	National	Unique Energos Pvt Ltd	21-22	
10	Dr Chandani Sharma, Department of Computer Application	The Development of Efficient and Sustainable Recycling Processes for Li-Ion Batteries to Recover Valuable Materials And Reduce Waste.	Research	National	Unique Energos Pvt Ltd	21-22	
11	Gurmeet Kaur, Department of Computer Application	The Development of Accurate And Predictive Models and Simulations of Li-Ion Batteries To Optimize Their Performance and Design.	Research	National	Unique Energos Pvt Ltd	21-22	
12	Guru Prabhat, Department of Computer Application	The Study of the Aging and Degradation Mechanis In Li-Ion Batteries and the Development of Strategies to Mitigate their Effects.	Research	National	Unique Energos Pvt Ltd	21-22	
13	Chunu Lal, Department of Computer Science And Engineering	Finding A Way Through Computer Based Thermal Management System to Prevent The Overheating Of Li-Ion Batteries And Maintain Their Performance And Safety.	Research	National	Unique Energos Pvt Ltd	21-22	
14	Deepak Bhatt, Department of Computer Science And Engineering	Deep Learning System for the Development Of Accurate And Reliable Algorith For Estimating The State Of Charge (Soc) and State Of Health (Soh) Of Li-Ion Batteries.	Research	National	Unique Energos Pvt Ltd	21-22	
15	Dr Deepak Negi, Department of Computer Science And Engineering	Structured Deep Visual Models to Develop the Advanced Failure Analysis Methods For Li-Ion Batteries To Identify The Root Causes Of Their Failures And Improve Their Reliability.	Research	National	Unique Energos Pvt Ltd	21-22	

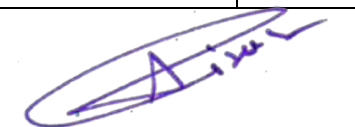

Registrar
Quantum University

16	Shalini, Department of Computer Science And Engineering	Automatic Emotion Detection, Analysis And Recognition of Second-Life Applications For Li-Ion Batteries, Including their Use In Energy Storage Syste And Stationary Applications.	Research	National	Unique Energos Pvt Ltd	21-22	Link
17	Rahul Kumar, Department of Computer Science And Engineering	Design And Implementation of the Development Of Real-Time Health Monitoring Syste For Li-Ion Batteries To Detect And Diagnose Potential Issues And Prevent Failures.	Research	National	Unique Energos Pvt Ltd	21-22	
18	Himanshu Tyagi, Department of Computer Science And Engineering	Extending Behavioural Algorithmics As A Predictor Of New Cell Chemistries For Li-Ion Batteries, Such As Lithium-Sulfur And Lithium-Air, To Improve Their Energy Density And Reduce Their Cost.	Research	National	Unique Energos Pvt Ltd	21-22	
19	Madhulika Mittal, Department of Computer Science And Engineering	Computer Graphics - Material Appearance Modeling And Physically Based Rendering of The Electrode Design To Increase The Surface Area, Improve The Active Material Utilization, And Reduce The Internal Resistance.	Research	National	Unique Energos Pvt Ltd	21-22	
20	Dr Manish Sharma, Department of Computer Science And Engineering	Balancing Security And Privacy With Data Usefulness for New Materials For The Electrodes, Electrolytes, And Separators In Li-Ion Batteries To Improve Performance, Energy Density, And Durability.	Research	National	Unique Energos Pvt Ltd	21-22	
21	Dr. Deepak Negi, Department of Computer Science And Engineering	Measurement of Accuracy And Predictive Models Generation to Simulate Li-Ion Batteries To Optimize Their Performance And Design.	Research	National	Unique Energos Pvt Ltd	21-22	

22	Dr. Devendra Singh, Department of Computer Science And Engineering	Automated Estate Valuation Modeling System to Optimize the Computer based Thermal Management System to Prevent the Overheating of Batteries And Maintain their Performance And Safety.	Research	National	Unique Energos Pvt Ltd	21-22	
23	Dr. Amrita Kumari, Department of Computer Science And Engineering	Network Programming for The Aging And Degradation Mechanis In Li-Ion Batteries And The Development Of Strategies To Mitigate Their Effects.	Research	National	Unique Energos Pvt Ltd	21-22	
24	Rahul Kumar, Department of Computer Science And Engineering	Study on the Development Of Charging Infrastructure For Li-Ion Batteries In Electric Vehicles, Including Fast-Charging, Wireless Charging, And Smart Charging in Punjab.	Research	National	Unique Energos Pvt Ltd	21-22	
25	Dr. Narendra Kumar Sharma, Department of Computer Science And Engineering	Accurate And Reliable Algorith For Estimating The State of Charge (Soc) And State of Health (Soh) Of Li-Ion Batteries.	Research	National	Unique Energos Pvt Ltd	21-22	
26	Rishi Kumar Sharma, Department of Computer Science And Engineering	The Development Of Automated Manufacturing Processes For Li-Ion Batteries To Reduce Their Production Time, Increase Their Quality, And Lower Their Cost.	Research	National	Unique Energos Pvt Ltd	21-22	
27	Dr. Aditya Lama, Department of Agricultural Studies	The Development of New Wood-Based Products and Innovations, Such As Engineered Wood Products, Wood-Plastic Composites, and Wood-Based Textiles.	Research	National	Amazon Wood Pvt Ltd	21-22	Link
28	Dr. Anjay Singh Bisht, Department of Agricultural Studies	The Development Of Sustainable Forest Management Practices to Ensure the Long-Term Health and Productivity of Forests and Woodlands in Temperate Himalayas of Uttarakhand.	Research	National	Amazon Wood Pvt Ltd	21-22	

29	Dr. Avinash Verma, Department of Agricultural Studies	To Study the Wood Structure and Morphology to Better Understand Wood Properties and Behavior in India	Research	National	Amazon Wood Pvt Ltd	21-22	
30	Dr. Gaurav Aggarwal, Department of Agricultural Studies	The Study of Wood Chemical Composition, Including Lignin, Cellulose, And Hemicellulose, To Improve Wood Processing And Utilization.	Research	National	Amazon Wood Pvt Ltd	21-22	
31	Dr. Shivani Tyagi, Department of Agricultural Studies	Application of Natural Dyes on Wood to Enhance the Wood Properties And Shelf-life.	Research	National	Amazon Wood Pvt Ltd	21-22	
32	Dr. Rakesh Kumar, Department of Agricultural Studies	Study of the Development Strategies and Technologies For Wood Waste Management, Including Recycling, Reuse, And Energy Recovery. From Haridwar District Of Uttarakhand	Research	National	Amazon Wood Pvt Ltd	21-22	
33	Dr. Shivani Tyagi, Department of Agricultural Studies	Data Collection on Wood And Climate Change, Including Wood Carbon Sequestration And Wood-Based Climate Mitigation Strategies from Rural Areas Of Uttarakhand	Research	National	Amazon Wood Pvt Ltd	21-22	
34	Dr. Amit Saini, Department of Agricultural Studies	The Study Of Forest Pests And Diseases And The Development Of Management Strategies To Protect Forests And Woodlands.	Research	National	Amazon Wood Pvt Ltd	21-22	
35	Dr. Satender Kumar, Department of Agricultural Studies	The Study Of Forest Ecosyste, Including Tree Species, Age Structure, And Growth Patterns, To Improve Forest Management And Wood Supply.	Research	National	Amazon Wood Pvt Ltd	21-22	
36	Pooja Barthwal, Department of Agricultural Studies	The Development Of Sustainable Forest Management Practices To Ensure The Long-Term Health And Productivity Of Forests And Woodlands.	Research	National	Amazon Wood Pvt Ltd	22-23	Link
37	Ankur Jain, Department of Agricultural Studies	Validated Method Development Of New Wood Processing And Manufacturing Technologies And Methods To Improve Efficiency, Reduce Waste, And Increase Product Quality.	Research	National	Amazon Wood Pvt Ltd	22-23	

38	Naveen Chandra, Department of Agricultural Studies	The Development Of Methods And Technologies For Wood Drying And Preservation To Improve Wood Quality And Durability.	Research	National	Amazon Wood Pvt Ltd	22-23	
39	Dr. N. Murugalatha, Department of Agricultural Studies	The Development Of New Wood-Based Products And Innovations, Such As Engineered Wood Products, Wood-Plastic Composites, And Wood-Based Textiles.	Research	National	Amazon Wood Pvt Ltd	22-23	
40	Ankur Jain, Department of Agricultural Studies	Evaluation Of The Parameters Of Wood to Manufacture Quality products In Industrial Region Of Roorkee and Saharapur.	Research	National	Amazon Wood Pvt Ltd	22-23	
41	Mukesh Kumar, Department of Applied Medical Sciences	Studying The Difference Between Diabetic Or Healthy Person -Kft & Lipid Profile, Parameters in Dyslipidemia	Research	National	Amazon Wood Pvt Ltd	22-23	
42	Dr. Saumya Goyal, Department of Business Administration	The Study of Wood Markets And Trade Patterns To Improve Wood Supply And Utilization: A Comparative Study	Research	National	Amazon Wood Pvt Ltd	22-23	
43	Dr. Vinay Pal Singh, Department of Business Administration	An Analysis of Account Control Procedure With Hettich India Pvt. Ltd.	Research	National	Amazon Wood Pvt Ltd	22-23	
44	Dr. Krishna Kumar Pande, Department of Business Administration	A Unique Flexible Business Hours: Style Of Ensuring Business Accessibility with benefits of flexible work for companies	Research	National	Amazon Wood Pvt Ltd	22-23	
45	Dr. Ashish Saxena, Department of Business Administration	An Assessment Of The Impact Of Marketing Segmentation On Production Planning In Wood Industry.	Research	National	Amazon Wood Pvt Ltd	22-23	Link
46	Deepak Singhal, Department of Business Administration	Human Resource Management (HRM) and Its Importance for Today's Organizations with Effective Leadership	Research	National	Amazon Wood Pvt Ltd	22-23	

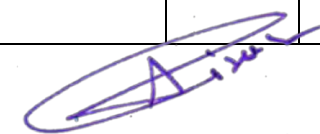

Registrar
Quantum University

47	Dr. Ashish Saxena, Department of Business Administration	The Role of Banks in Modern Era of Microenterprises, small, medium commercial Business	Research	National	Amazon Wood Pvt Ltd	22-23	
48	Dr. Neeraj Saxena, Department of Business Administration	Effectiveness of Rapid Population Increase on Production and Economy of Wood Products.	Research	National	Amazon Wood Pvt Ltd	22-23	
49	G.S. Srivastava, Department of Business Administration	The Relationship Between Employee Retention Strategies And Employee Turnover realation to the Gross productivity of Wooden Products.	Research	National	Amazon Wood Pvt Ltd	22-23	
50	Dr. inalini Singh, Department of Business Administration	Cooperative Marketing And Transportation of Wooden Products in Traditional And Contemporary Societies to Better Understand Wood Utilization And Human-Wood Relationships.	Research	National	Amazon Wood Pvt Ltd	22-23	
51	Dr. inalini Singh, Department of Business Administration	Identify the Underlying Legal Issues Hidden Beneath the Layers of Facts in Wood Industry: The Leading Cases Of Company Law	Research	National	Amazon Wood Pvt Ltd	22-23	
52	Karan Babbar, Department of Civil Engineering	Analysis Of Concrete Compressive Strength By Using Different Polymers for Wood Architecture And Design To Promote Wood Utilization And Sustainability In The Built Environment.	Research	National	Amazon Wood Pvt Ltd	22-23	
53	Dr. K. K. Pandey, Department of Civil Engineering	The Impact of Layout and Design of Wood products in Marketing and Quality Management In Uttarakhand State.	Research	National	Amazon Wood Pvt Ltd	22-23	
54	Himanshu Kandpal, Department of Civil Engineering	The Impact of Layout and Design of Wood products in Marketing and Quality Management In Uttar Pradesh State.	Research	National	Amazon Wood Pvt Ltd	22-23	link
55	Dr. Ram Singh, Department of Commerce & Finance	Evaluation Of The Role Of Social And Economic Infrastructure In The Promotion Of Wood Business In India	Research	National	Amazon Wood Pvt Ltd	22-23	

56	Dr. Ram Singh, Department of Commerce & Finance	Consumer Preferences with Power of Indian Magazine Segment to Promote Wooden Products.	Research	National	Amazon Wood Pvt Ltd	22-23	
57	Rishi Kumar Sharma, Department of Commerce & Finance	Detailed Business Credit Reports and Tools to Simplify Credit Decisions and Manage Risk of the Employees in Wood Industry.	Research	National	Amazon Wood Pvt Ltd	22-23	
58	Gaurav Krishna, Department of Computer Application	Uses and relevance of Artificial Neural Network to Predict the Design in Wood Industry.	Research	National	Amazon Wood Pvt Ltd	22-23	
59	Dr. Saras Verma, Department of Computer Application	Study of Information And Communication Technology As A Tool For Creating Job Opportunities in wood industries In India	Research	National	Amazon Wood Pvt Ltd	22-23	
60	Himanshu Tyagi, Department of Computer Application	Assessment of The Utilization Of Internet Services Among wood industries In Saharanpur City.	Research	National	Amazon Wood Pvt Ltd	22-23	
61	Mitender Kumar, Department of Computer Application	Design and Implementation of an Integrated System for wood purchase	Research	National	Amazon Wood Pvt Ltd	22-23	
62	Satendra Kumar, Department of Computer Science And Engineering	Role of Logo in Development and Designing in the Wood Industry.	Research	National	Amazon Wood Pvt Ltd	22-23	Link
63	Dr. Ankita Sundriyal, Department of Law	Need For The Encouragement and Promotion of the wood p[roducts In present Era: A Legal Study	Research	National	Amazon Wood Pvt Ltd	22-23	
64	Arjun Singh, Department of Law	The Development And Implementation Of Forest Certification Progra And Wood Labeling Schemes to Ensure The Sustainability And Legality Of Wood Products.	Research	National	Amazon Wood Pvt Ltd	22-23	
65	Dr. Mahadev, Department of Law	The Study of Wood Economics And Policy, Including Wood Pricing, Subsidies, And Regulations to Improve Wood Supply And Utilization to the International Legal Framework	Research	National	Amazon Wood Pvt Ltd	22-23	

66	Shalini Verma, Department of Law	The Study Of Wood Combustion And Fire Behavior to Improve Fire Safety And Wood Utilization: A Fair Trial Under Indian Laws	Research	National	Amazon Wood Pvt Ltd	22-23	
67	Dr. Mahadev, Department of Law	Emerging Economic Frauds and Legal Aids in Wood Indusry to Utilize Wood From Forest area.	Research	National	Amazon Wood Pvt Ltd	22-23	
68	Shalini Verama, Department of law	Invasion of Privacy Right for Wood Art And Craft To Promote Wood Utilization And Cultural Heritage.	Research	National	Amazon Wood Pvt Ltd	22-23	
69	Dr. A.K. Seth, Department of Sciences	The Study of Wood Biomass And Its Use As A Renewable Energy Source, Including Wood Pellet Production And Biomass Co-Firing.	Research	National	Amazon Wood Pvt Ltd	22-23	
70	Dr. Mohneesh Gupta, Department of Sciences	Determination Of Some Biochemical Parameters of Wood Properties, Including Density, Strength, Stiffness, And Durability, To Improve Wood Utilization And Performance.	Research	National	Amazon Wood Pvt Ltd	22-23	
71	Dr. Chirag Malik, Department of Sciences	Prevalence Study Of Wood Acoustics And Its Use In Musical Instruments To Improve Wood Processing And Utilization.	Research	National	Amazon Wood Pvt Ltd	22-23	
72	Anjil Kumar, Department of Agricultural Studies	Role and Benefits of Single phase Motor in Agricultural Practices.	Research	National	Millenium Boards Pvt Ltd	21-22	Link
73	Dr Avinash Varma, Department of Agricultural Studies	Particleboard from agricultural biomass and recycled wood waste Around Industrial Area Of Roorkee, Uttarakhand.	Research	National	Millenium Boards Pvt Ltd	21-22	
74	Dr Gulshan Chauhan, Department of Mechanical Engineering	Study On The Efficacy Of Squirrel cage rotor in Induction motor.	Research	National	Millenium Boards Pvt Ltd	21-22	
75	Dr Avinash Varma, Department of Agricultural Studies	Identification of Different Alternative Materials from Agro-Industry for Wood Panel Manufacturing Company in Comaparison to Millenium Boards.	Research	National	Millenium Boards Pvt Ltd	21-22	

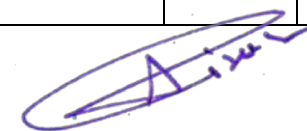

Registrar
Quantum University

76	Dr D K Singh, Department of Agricultural Studies	Bamboo fiber and its reinforced composites: Structure and properties to make Boards and Particle Boards in Uttarakhand.	Research	National	Millenium Boards Pvt Ltd	21-22	Link
77	Naveen Chandra, Department of Agricultural Studies	Assessment Of Compensation Options of particleboards made of agricultural by-products with a classical binder or self-bound	Research	National	Millenium Boards Pvt Ltd	21-22	
78	Dr Gaurav Aggarwal, Department of Agricultural Studies	The Impact of Motorized Farm Equipment such as Tractors on Crop Yields and Farm Productivity.	Research	National	Millenium Boards Pvt Ltd	21-22	
79	Dr Neeraj Saxena, Department of Business Administration	Commercial Stretigies for the Marketing of Induction Motor Market Size, Share and Analysis.	Research	National	Millenium Boards Pvt Ltd	22-23	
80	Dr Neeraj Saxena, Department of Business Administration	The Role Of Business plans required to promote business leaders, young entrepreneurs, women entrepreneurs, investors in Board Industry.	Research	National	Millenium Boards Pvt Ltd	22-23	
81	Dr Nirmesh Sharma, Department of Business Administration	Impact Of the Training Programme to motivate potential public and private entrepreneurs to start new business in manufacturing of particle Boards.	Research	National	Millenium Boards Pvt Ltd	22-23	
82	Dr Nirmesh Sharma, Department of Business Administration	Role and Duties of a business administrator to make and implement organisational policies, procedures and goals in Board Manufacturing Industry.	Research	National	Millenium Boards Pvt Ltd	22-23	
83	Dr. Darshika Nigam, Department of Business Administration	Critical Issues & Challenges in Board Manufacturing Industry to Develop the Career in this Field.	Research	National	Millenium Boards Pvt Ltd	22-23	
84	Dr. Darshika Nigam, Department of Business Administration	A case Study on The Effect of Job Stress on the Performance of the Motor and Board manufaturer in Uttarakhand.	Research	National	Millenium Boards Pvt Ltd	22-23	
85	Dr Saumya Goyal, Department of Business Administration	Assessing the Effect of Material Handling on the Profitability of the Motor and Board Manufacturing Company in Punjab.	Research	National	Millenium Boards Pvt Ltd	22-23	

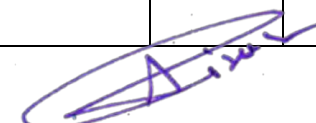

86	Karan Babbar, Department of Civil Engineering	Comparitive Study Of Recycled Aggregate to make Boards and induction Motor.	Research	National	Millenium Boards Pvt Ltd	22-23	Link
87	Dr Krishan Kumar Pandey, Department of Civil Engineering	Analysis Of Physical and Chemical Parametrs of Raw material to manufacture Induction Motor.	Research	National	Millenium Boards Pvt Ltd	22-23	
88	Dr Krishan Kumar Pandey, Department of Civil Engineering	Study on the designs creation depending on the technical specifications of the induction motor.	Research	National	Millenium Boards Pvt Ltd	22-23	
89	Guru Prabhat, Department of Civil Engineering	Effect On Durability Of chipboard or low density fiberboard (LDF) to manufacture particle Boards.	Research	National	Millenium Boards Pvt Ltd	22-23	
90	Karan Babbar, Department of Civil Engineering	Comparative Study on Advantages and Disadvantages of Particle Board of Different manufacturer.	Research	National	Millenium Boards Pvt Ltd	22-23	
91	Dr Ajay Khandelwal, Department of Commerce & Finance	Efficacy and Efficiency of Personal Income Tax Collection in Board Manufacturing Company in the Selected Region of Haryana.	Research	National	Millenium Boards Pvt Ltd	22-23	
92	Govind Singh, Department of Commerce & Finance	Evaluating the Growth Challenges of Board and Motor Manufacturing Companies in Reference to the Efficiency of Human Resource Planning on Organizational Performance.	Research	National	Millenium Boards Pvt Ltd	22-23	Link
93	Anurag Chandna, Department of Computer Application	Analysis of motor failure modes and mitigation strategies: Conduct comprehensive failure analysis on motors to identify common failure modes and develop strategies to mitigate them.	Research	National	Millenium Boards Pvt Ltd	22-23	
94	Dr Ashish Saini, Department of Computer Application	Application of additive manufacturing in motor components: Explore the feasibility of using additive manufacturing (3D printing) techniques for producing motor components, allowing for customized designs, reduced lead times, and potential cost savings.	Research	National	Millenium Boards Pvt Ltd	22-23	

95	Ankur Jain, Department of Mechanical Engineering	A Study On the Fault Detection of Induction Motor Using Convolutional Neural Network	Research	National	Millenium Boards Pvt Ltd	22-23	
96	Dr Avadhesh Kumar Khare, Department of Mechanical Engineering	Survey on the Challenges of the Optimization of a High-Speed Induction Motor for Naval Applications	Research	National	Millenium Boards Pvt Ltd	22-23	
97	M Kannan, Department of Mechanical Engineering	Effect Of Advertising And Sales Promotion of PLC Based Monitoring Induction Motors against Various Abnormal Conditions	Research	National	Millenium Boards Pvt Ltd	22-23	
98	Ankita Singh, Department of Media Studies	A Study on the Effects of COVID-19 Pandemic on the Board Manufacturing Industry, Including Changes in Consumer Behavior, Supply Chain Disruptions and Shifts in Production Process.	Research	National	Millenium Boards Pvt Ltd	22-23	
99	Kumar Mausam, Department of Media Studies	The Potential Benefits of using Virtual Reality Technology (VRT) in Board Manufacturing to Improve Product Design and Reducing Production Costs.	Research	National	Millenium Boards Pvt Ltd	22-23	
100	Asheesh Malik, Department of Pharmacy	Assessment of The Importance Of Hygienists Practices In The Prevention And Control disease in the premises of Plywood Company.	Research	National	Millenium Boards Pvt Ltd	22-23	Link
101	Aarti Prajapati, Department of Pharmacy	Role of Pharmacist in mental healthcare: Past, present and future in Plywood Industry.	Research	National	Millenium Boards Pvt Ltd	22-23	
102	Dr Aditya Lama, Department of Agricultural Studies	The Impact of Board Material on Crop Growth and Yield: How Different Board Materials used in Agricultural Applications, such as Plastic or Wood, affect Crop Growth and Yield.	Research	National	Millenium Boards Pvt Ltd	22-23	
103	Anjali Dixit, Department of Pharmacy	The Use Of Quality Control Parameters In The Evaluation Of raw material in Boards Comapany.	Research	National	Millenium Boards Pvt Ltd	22-23	

Registrar
Quantum University

104	Dr Santosh Kumar Verma, Department of Pharmacy	Assessment Of Awareness And Practice For Promotion Of Mental Health Among the labour of Board Manufacturin Company.	Research	National	Millenium Boards Pvt Ltd	22-23	
105	Sarika Devi, Department of Pharmacy	Study on the Professional pharmacy functions in community mental health centers.	Research	National	Millenium Boards Pvt Ltd	22-23	
106	Anurag Chourasia, Department of Pharmacy	Study on the Role of Pharmacist in Health Care System of Board and Induction Motor Manufacturing Industrie.	Research	National	Millenium Boards Pvt Ltd	22-23	
107	Dr Satander Kumar, Department of Computer Science And Engineering	The Exploration of Second-Life Applications For Li-Ion Batteries, Including Their Use In Energy Storage Syste and Stationary Applications.	Research	National	Unique Energos Pvt Ltd	22-23	Link
108	Dr Shahin Pervej, Department of Computer Science And Engineering	Uses of AI Technology to generate the New Materials For The Electrodes, Electrolytes, And Separators In Li-Ion Batteries to Improve Performance, Energy Density and Durability.	Research	National	Unique Energos Pvt Ltd	22-23	
109	Shalini, Department of Computer Science And Engineering	Elaboration and Optimization of Accurate and Predictive Models and Simulations of Li-Ion Batteries to Enhance Their Performance and Design.	Research	National	Unique Energos Pvt Ltd	22-23	
110	Divya Sood, Department of Computer Science And Engineering	Use Big Data Analytics To Gain Insights Into Customer Demand, Market Trends, And Production Efficiency, And Make Data-Driven Decisions To Improve Business Performance.	Research	National	Unique Energos Pvt Ltd	22-23	
111	Dr. Pramod Sharma, Department of Computer Science And Engineering	Research on How Data management System is Changing the Advance Development Of the Battery Management Syste (B) And Control The Charging And Discharging Of Li-Ion Batteries to Extend Their Lifetime.	Research	National	Unique Energos Pvt Ltd	22-23	

Registrar
Quantum University

112	Vishal Vig, Department of Computer Science And Engineering	Exigency Computer Syste to Optimize The Battery Pack Design to Maximize the Energy Density, Reduce The Weight and Improve The Thermal Management Of Li-Ion Batteries.	Research	National	Unique Energos Pvt Ltd	22-23	Link
113	Ankur Jain, Department of Mechanical Engineering	A Study Into Energy Gap In International Safety Standards For Li-Ion Batteries In Electric Vehicles To Ensure Their Safe Operation.	Research	National	Unique Energos Pvt Ltd	22-23	
114	Dr Avadhesh Kumar Khare, Department of Mechanical Engineering	Thermal Power Calibration of the Automated Manufacturing Processes For Li-Ion Batteries To Reduce Their Production Time, Increase Their Quality	Research	National	Unique Energos Pvt Ltd	22-23	
115	Tapeshwar Yadav, Department of Media Studies	Communication and Survey: A Tool For Effective Management of Efficient And Sustainable Recycling Processes For Li-Ion Batteries To Recover Valuable Materials And Reduce Waste.	Research	National	Unique Energos Pvt Ltd	22-23	
116	Dexsha Chandel, Department of Paramedical Sciences	Survey on the effect on Human helath and Funa of Li-Ion Batteries to weaste in Dehradun City.	Research	National	Unique Energos Pvt Ltd	22-23	
117	Dr. Vidya Verma, Department of Paramedical Sciences	Study of Li-Ion Batteries waste on liver Health in Hilly Region	Research	National	Unique Energos Pvt Ltd	22-23	
118	Dr Ajay Kumar Sharma, Department of Sceinces	Study on the Standardized Testing Protocols and Certification Requirements For Li-Ion Batteries to Ensure their Safety and Reliability.	Research	National	Unique Energos Pvt Ltd	22-23	
119	Dr Ajay Kumar Sharma, Department of Sciences	Challenges in the Exploration of the Economic Viability of Li-Ion Battery Recycling, Including The Analysis of The Costs and Benefits of Different Recycling Methods.	Research	National	Unique Energos Pvt Ltd	22-23	

120	Dr Anamika, Department of Sciences	Use Ar Technology To Visualize And Manipulate Virtual Models Of Products And Production Lines, Allowing For Faster And More Accurate Decision-Making.	Research	National	Unique Energos Pvt Ltd	22-23	Link
121	Dr Surendra Singh, Department of Sciences	Evaluation Of Some Chemical Constituents Of Selected Li-Ion Battery for Recycling, Including The Analysis Of The Costs And Benefits Of Different Recycling Methods.	Research	National	Unique Energos Pvt Ltd	21-22	
122	Dr Nishant Khandelwal, Department of Sciences	Study on the Development of New Ionizing material For Li-Ion Batteries, Such As Lithium-Sulfur And Lithium-Air, To Improve Their Energy Density And Reduce Their Cost.	Research	National	Unique Energos Pvt Ltd	21-22	
123	Amit Tyagi, Department of Business Administration	The Influence of Leadership Styles on Accounting Information Syste Quality and its Impact on Information Quality Survey on State-Owned Enterprises.	Research	National	Alliance Security Services	21-22	
124	Aditi, Department of Computer Application	Employment and Improvement in Rural Healthcare for Online Mental Status and Mental Health Examination System using Information Technology.	Research	National	Alliance Security Services	21-22	
125	Anurag Chandna, Department of Computer Application	To provide the Protection to the People, Assets, and Facilities through the use of Physical Barriers, Access Control, and Surveillance Syste in Uttarakhand Region.	Research	National	Alliance Security Services	21-22	
126	Mohita Trehan, Department of Computer Application	A Mobile Phone Integrated Health Care Delivery System To Analyze Hierarchy Process (AHP): Planning, Priority Setting and Resource Allocation.	Research	National	Alliance Security Services	21-22	
127	Mahesh Mishra, Department of Computer Application	Efficacy and Reliability of Metacarta Search Engine In Ter of Natural Language Processing (NLP) and Neography.	Research	National	Alliance Security Services	21-22	

128	Dr. Pramod Sharma, Department of Computer Science And Engineering	To Study the Challenges of Malicious Software to Identify its Behavior, Characteristics, And Vulnerabilities.	Research	National	Alliance Security Services	21-22	Link
129	Vishal Vig, Department of Computer Science And Engineering	The Study of How People Can Be Manipulated to Reveal Sensitive Information or Perform Actions That Compromise Security, and the Development of Strategies.	Research	National	Alliance Security Services	21-22	
130	Satender Kumar, Department of Computer Science And Engineering	The Challenges and outcomes to Collect, Analyse, and Disseminate the Information about Potential Security Threats to Inform Proactive Defense Measures.	Research	National	Alliance Security Services	22-23	
131	Rishi Kumar Sharma, Department of Computer Science And Engineering	Role of computational Intelligence in fraud detection and Improvement in Real Time Credit Card (RTCC) System	Research	National	Alliance Security Services	22-23	
132	Alok Kumar, Department of Computer Science And Engineering	The Role of Information Technology in Aviation Safety and Security Management: Indoor Positioning System or Beacon Technology.	Research	National	Alliance Security Services	22-23	
133	Dr. Amit Dixit, Department of Computer Science And Engineering	The Collection, Analysis, and Dissemination of Information about Potential Cyber Threats to Inform Proactive Defense Measures.	Research	National	Alliance Security Services	22-23	
134	Dr. Amit Dixit, Department of Computer Science And Engineering	The Development and Delivery of Training Progra to Educate Employees and the Public about Security Best Practices in Haridwar City.	Research	National	Alliance Security Services	22-23	
135	Dr. Amit Dixit, Department of Computer Science And Engineering	Application of Retinal Vision to Facial Features Detection and Face Authentication Using Epitomic Analyses: The Human Saccadic System (SCS).	Research	National	Alliance Security Services	22-23	
136	Mohit Kumar, Department of Computer Science And Engineering	The Protection of Cloud-Based Data and Syste from Unauthorized Access, Data Breaches, and Other Security Threats.	Research	National	Alliance Security Services	22-23	

137	Dr. Ajay Kumar Sharma, Department of Law	The Development and Implementation of Policies and Procedures to Ensure Compliance With Applicable Laws And Regulations, Such As Data Privacy and Protection Laws.	Research	National	Alliance Security Services	22-23	
138	Dr Rajwinder Kaur, Department of Applied Medical Sciences	The Identification and Analysis of Skill Gaps and Shortages within Organizations and Industries, and The Development of Strategies to Address them.	Research	National	Fortuna skill Management Pvt Ltd	21-22	Link
139	Deepak Singhal, Department of Business Administration	Methods And Tools For Developing Entrepreneurial Skills, Such As Opportunity Recognition, Risk Management, And Innovation.	Research	National	Fortuna skill Management Pvt Ltd	21-22	
140	G S Srivastava, Department of Business Administration	Establishment of Progra and Opportunities for Individuals to Use Their Expertise In Volunteering And Community Service in Corporate Finance Services on Bank'S Profitability.	Research	National	Fortuna skill Management Pvt Ltd	21-22	
141	Pooja Barthwal, Department of Commerce & Finance	The Implementation of Assets and Facilities through The Use Of Physical Barriers, Access Control Syste in the Promotion Tool For Marketing New Product	Research	National	Fortuna skill Management Pvt Ltd	21-22	
142	Varun Agarwal, Department of Commerce & Finance	Comparetve Analysis of Methods And Tools For Transferring Skills And Knowledge Within Organizations And Between Organizations in Himachal Region.	Research	National	Fortuna skill Management Pvt Ltd	21-22	
143	Dr Vinay Pal Singh, Department of Commerce & Finance	An Examination of The Role Cooperates And Credit Societies in Identifying And Selecting Candidates Based On Their Skills And Competencies Rather Than Their Credentials Or Experience.	Research	National	Fortuna skill Management Pvt Ltd	21-22	
144	Dr Vinay Pal Singh, Department of Commerce & Finance	The Impact Of E-Commerce On Emerging Markets to Analyze Skills and Performance Data to Inform Decision-Making And Improve Outcomes.	Research	National	Fortuna skill Management Pvt Ltd	21-22

702	Rajeev Sharma, Dept. Of Civil Engineering	Analyzing the use of recycled materials in construction for sustainable and eco-friendly practices	Research	National	City Developers	22-23	
703	Karan Babbar, Dept. Of Civil Engineering	Investigating the effects of construction practices on the sustainability and life cycle of infrastructure projects	Research	National	City Developers	22-23	
704	Chunnu Lal, Dept. Of Civil Engineering	Analyzing the use of smart materials and sensors in structural health monitoring and maintenance	Research	National	City Developers	22-23	
705	Girija Shankar Srivastava, Dept. Of Civil Engineering	Investigating the effects of climate change on transportation infrastructure and developing adaptation strategies	Research	National	City Developers	22-23	
706	Guru Prabhat, Dept. Of Civil Engineering	Analyzing the use of sustainable materials in pavement design and rehabilitation for improved performance	Research	National	City Developers	22-23	
707	Harish Kumar Rathore, Dept. Of Civil Engineering	Investigating the effects of soil erosion on slope stability and developing erosion control measures	Research	National	City Developers	22-23	
708	Naveen Chandra, Dept. Of Civil Engineering	Analyzing the use of sustainable drainage system (SuDS) for stormwater management in urban areas	Research	National	City Developers	22-23	Link
709	Guru Prabhat, Dept. Of Civil Engineering	Exploring the application of augmented reality (AR) and virtual reality (VR) in construction visualization and simulation	Research	National	Motia Builders	22-23	
710	Chunnu Lal, Dept. Of Civil Engineering	Studying the behavior of pile foundations under axial and lateral loads	Research	National	Motia Builders	22-23	

711	Shivanshu Malviya, Dept. Of Civil Engineering	Investigating the use of advanced composite materials in bridge construction for enhanced durability and performance	Research	National	Motia Builders	22-23	
712	Girija Shankar Srivastava, Dept. Of Civil Engineering	Analyzing the use of unmanned aerial vehicles (drones) in surveying and inspection of infrastructure	Research	National	Motia Builders	22-23	
713	Harish Kumar Rathore, Dept. Of Civil Engineering	Investigating the effects of earthquakes on infrastructure and developing seismic-resistant design approaches	Research	National	Motia Builders	22-23	
714	Naveen Chandra, Dept. Of Civil Engineering	Analyzing the use of prefabrication and modular construction techniques for efficient and sustainable building practices	Research	National	Motia Builders	22-23	
715	Rajeev Sharma, Dept. Of Civil Engineering	Investigating the effects of traffic congestion on urban air quality and developing traffic management strategies	Research	National	Motia Builders	22-23	
716	Chunnu Lal, Dept. Of Civil Engineering	Analyzing the use of advanced construction materials for enhanced thermal insulation and energy efficiency	Research	National	City Developers	22-23	Link
717	Girja Shankar Srivastav, Dept. Of Civil Engineering	Investigating the effects of soil liquefaction on foundation stability and developing mitigation measures	Research	National	City Developers	22-23	
718	Guru Prabhat, Dept. Of Civil Engineering	Analyzing the use of intelligent transportation system for real-time traffic monitoring and incident management	Research	National	City Developers	22-23	
719	Harish Kumar Rathore, Dept. Of Civil Engineering	Studying the behavior of tall buildings under wind and seismic loads	Research	National	City Developers	22-23	
720	Naveen Chandra, Dept. Of Civil Engineering	Exploring the application of 3D printing in construction for rapid and cost-effective building techniques	Research	National	City Developers	22-23	

721	Rajeev Sharma, Dept. Of Civil Engineering	Studying the behavior of masonry structures under different loading and environmental conditions	Research	National	City Developers	22-23	
722	Chunnu Lal, Dept. Of Civil Engineering	Exploring the application of unmanned ground vehicles for automated construction and maintenance tasks	Research	National	City Developers	22-23	
723	Guru Prabhat, Dept. Of Civil Engineering	Studying the behavior of underground structures (tunnels, pipelines) under different soil and groundwater conditions	Research	National	City Developers	22-23	
724	Naveen Chandra, Dept. Of Civil Engineering	Exploring the application of machine vision system for automated inspection and quality control in construction	Research	National	City Developers	22-23	
725	Mehak, Dept. Of Business Administration	Exploring the effects of organizational innovation on competitive advantage	Research	National	Arsh Sahitya Prachar Trust	22-23	Link
726	Deepak Bhatt, Dept. Of Computer Science And Engineering	Developing algorithm for anomaly detection in network traffic	Research	National	Arsh Sahitya Prachar Trust	22-23	
727	Dr. Shivani Tyagi, Dept. Of Law	Exploring the legal and ethical issues surrounding the use of surveillance technologies by law enforcement agencies	Research	National	Arsh Sahitya Prachar Trust	22-23	
728	Sarika Devi, Dept. Of Computer Application	Exploring the applications of machine learning in predicting customer preferences	Research	National	Arsh Sahitya Prachar Trust	22-23	
729	Arjun, Dept. Of Law	Investigating the role of international humanitarian law in protecting cultural heritage in armed conflicts	Research	National	Arsh Sahitya Prachar Trust	22-23	
730	Mitender Kumar, Dept. Of Computer Application	Analysis of social networks using graph theory	Research	National	Arsh Sahitya Prachar Trust	22-23	
731	Nikita Tyagi, Dept. Of Applied Medical Sciences	Assessing the effectiveness of telemedicine in improving access to healthcare services	Research	National	Arsh Sahitya Prachar Trust	22-23	
732	Himanshu Tyagi, Dept. Of Computer Science And Engineering	Designing algorithm for optimizing energy consumption in data centers	Research	National	Arsh Sahitya Prachar Trust	22-23	Link

870	Himanshu Tyagi Jrf, Dept. Of Computer Science And Engineering	Investigating the use of natural language processing in automated sentiment analysis of blog posts	Research	National	Centre for General Education Society	22-23	
871	Pushpender Singh, Dept. Of Business Administration	Analyzing the role of technology adoption in organizational productivity and competitiveness	Research	National	Centre for General Education Society	22-23	
872	Gurmeet Kaur, Dept. Of Computer Science And Engineering	Exploring the applications of machine learning in personalized medicine	Research	National	Centre for General Education Society	22-23	
873	Dr. Amit Saini, Dept. Of Agricultural Studies	Evaluating the effectiveness of different irrigation methods in water conservation	Research	National	Centre for General Education Society	22-23	
874	Pooja Barthwal, Dept. Of Agricultural Studies	Studying the effects of different post-harvest storage techniques on crop quality and shelf life	Research	National	Centre for General Education Society	22-23	
875	Amit Kumar, Dept. Of Computer Application	Machine learning algorithm for image recognition	Research	National	Centre for General Education Society	22-23	Link
876	Aarti Prajapati, Dept. Of Pharmacy	Analyzing the role of pharmacists in medication therapy management for patients with cardiovascular diseases	Research	National	Centre for General Education Society	22-23	
877	Ankur Rana Jrf, Dept. Of Computer Science And Engineering	Designing algorithm for detecting and preventing cyber attacks	Research	National	Centre for General Education Society	22-23	
878	Ashish Saini, Dept. Of Computer Application	Designing algorithm for intelligent recommendation system in online advertising	Research	National	Centre for General Education Society	22-23	
879	Harish Kumar Rathore, Dept. Of Business Administration	Investigating the factors affecting consumer trust and loyalty towards brands	Research	National	Centre for General Education Society	22-23	
880	Prashant Chauhan, Dept. Of Law	Investigating the role of international law in addressing cyberattacks and information warfare	Research	National	Centre for General Education Society	22-23	
881	Rahul Kumar, Dept. Of Computer Application	Investigating the impact of quantum computing on cryptography	Research	National	Centre for General Education Society	22-23	
882	N. Murugalatha, Dept. Of Agricultural Studies	Assessing the potential of microbial biofertilizers for sustainable nutrient management	Research	National	Centre for General Education Society	22-23	Link

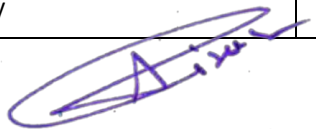

883	Dr. Monita Mohan, Dept. Of Computer Application	Improving the efficiency of data mining algorithm	Research	National	Centre for General Education Society	22-23	
884	Shaily Tyagi, Dept. Of Pharmacy	Investigating the effects of drug-drug interactions on QT prolongation and cardiac arrhythmias	Research	National	Centre for General Education Society	22-23	
885	Shalini Verma, Dept. Of Business Administration	Studying the impact of strategic human resource management on employee performance	Research	National	Centre for General Education Society	22-23	
886	Dr. Pramod Sharma, Dept. Of Computer Science And Engineering	Developing algorithm for efficient task scheduling in heterogeneous computing environments	Research	National	Centre for General Education Society	22-23	
887	Santosh Kumar Verma, Dept. Of Pharmacy	Analyzing the pharmacodynamics of drugs and their receptor interactions	Research	National	Centre for General Education Society	22-23	
888	Shatakshi, Dept. Of Applied Medical Sciences	Exploring the effects of social media on health information-seeking and health behaviors	Research	National	Centre for General Education Society	22-23	
889	Madhulika Mittal Ph.D, Dept. Of Computer Science And Engineering	Investigating the impact of artificial intelligence on human resource management	Research	National	Centre for General Education Society	22-23	Link
890	Mousmi Goel, Dept. Of Business Administration	Exploring the effects of organizational learning on organizational performance and adaptability	Research	National	Centre for General Education Society	22-23	
891	Dr. Darshika Nigam, Dept. Of Business Administration	Analyzing the relationship between organizational ethics and corporate social responsibility	Research	National	Centre for General Education Society	22-23	
892	Lokesh Verma, Dept. Of Business Administration	Investigating the factors affecting consumer perception and brand image in digital marketing	Research	National	Centre for General Education Society	22-23	
893	Prashant Chauhan, Dept. Of Law	Analyzing the effectiveness of anti-terrorism laws and their impact on civil liberties	Research	National	Centre for General Education Society	22-23	
894	Dhruv Singh, Dept. Of Law	Analyzing the implications of climate change on environmental laws and sustainable development	Research	National	Centre for General Education Society	22-23	

895	Anjay Singh Bisht, Dept. Of Agricultural Studies	Assessing the potential of hydroponics for year-round vegetable production in controlled environments	Research	National	Centre for General Education Society	22-23	
896	Shivani Tyagi, Dept. Of Agricultural Studies	Investigating the impact of agricultural practices on soil carbon sequestration and greenhouse gas emissions	Research	National	Centre for General Education Society	22-23	Link
897	Santosh Kumar Verma, Dept. Of Pharmacy	Analyzing the pharmacokinetics and pharmacodynamics of drugs in patients with renal or hepatic diseases	Research	National	Centre for General Education Society	22-23	
898	Alok Kumar, Dept. Of Computer Science And Engineering	Investigating the impact of artificial intelligence on privacy-preserving data analysis	Research	National	Centre for General Education Society	22-23	
899	Vishal Vig, Dept. Of Computer Science And Engineering	Designing algorithm for intelligent recommendation system in online job portals	Research	National	Centre for General Education Society	22-23	
900	Anjali Dixit, Dept. Of Pharmacy	Investigating the effects of drug-food interactions on drug absorption and bioavailability	Research	National	Centre for General Education Society	22-23	
901	Dr. Darshika Nigam, Dept. Of Business Administration	Studying the impact of organizational socialization on employee onboarding and retention	Research	National	Centre for General Education Society	22-23	
902	Udaiveer Tyagi, Dept. Of Law	Investigating the effectiveness of anti-discrimination laws in promoting equality and diversity	Research	National	Centre for General Education Society	22-23	
903	Pritosh Tomar, Dept. Of Computer Application	Designing algorithm for automated sentiment analysis of customer emails	Research	National	Centre for General Education Society	22-23	Link
904	Deepak Negi, Dept. Of Computer Science And Engineering	Developing algorithm for real-time object recognition in autonomous vehicles	Research	National	Centre for General Education Society	22-23	
905	Amit Dixit, Dept. Of Computer Science And Engineering	Investigating the use of natural language processing in information retrieval	Research	National	Centre for General Education Society	22-23	
906	Dr. Shaily Chaudhary, Dept. Of Pharmacy	Studying the pharmacokinetics and pharmacodynamics of drugs in obese patients	Research	National	Centre for General Education Society	22-23
