Dear Sir,

Greetings from ICT Academy

With reference to the FDP scheduled at your esteemed institution between 02.07.19 to 06.07.19 due to some unavoidable circumstances our trainer was not able to be present there to conduct the program. We would like to propose to conduct the same program between 08.07.2019 to 12.07.2019 (1 week FDP) exclusively for your faculty members of BBA, MBA, CSE, IT departments. Requesting your confirmation to proceed further.

Dear Sir,

Greetings from ICT Academy

With reference to the earlier discussion about inauguration Salesforce CoE at your esteemed institution, we are proposing it to have it on 15<sup>th</sup> October 2019 being a "**World Student's Day**". For that day we will invite the Country Head of Salesforce along with few industry partners to be a part of the inauguration. Prior to this we would like to complete the activities for the CoE like applying for the necessary licenses, students list and invitation to the Industry partners. Requesting your confirmation on the same and your support to buy the necessary vouchers in the institution name atleast 15 days in advance.

Kindly revert for clarification.

# Mastery Learning is stackable.

Coursera's offerings are structured to support continuous learning in many forms, whether learners are focused on short-term skill acquisition or domain mastery.

Learners can begin their learning pathway with a single course, gradually building their way toward earning a Professional Certificate or a full-fledged Degree.

Successful online courses include a mixture of formative and summative assessments. All assessments are either machine or peer graded. All assessment types can provide elaborative feedback to learners.

#### In-video questions

Learners assess their own progress while watching videos. Include multiple question types, including coding and elaborative feedback.

#### **Discussion Prompts**

Helps facilitate comprehension and facilitates discussion within course forums. Best for formative and reflective questions.

#### Quizzes

Learners apply new knowledge to auto-grade problems. Tests the application, analysis, and synthesis of new knowledge.

#### **Peer Review**

Learners develop evaluative judgement and apply new knowledge to creative, open-ended problems. Best for qualitative feedback.

#### **Technical Assessments**

Learners demonstrate programming skills and apply coding to solve specific problems.

# Tools for

# **Technical Assessments**

We have built a variety of dedicated tools to create a great experience for learners and instructors in data science, computer science, etc.

#### In-Browser code blocks

Create short interactive coding exercises for active learning and formative assessment

#### **Rhyme Projects**

Hands-on labs in private cloud instances allow instructors and learners to collaborate in-real-time.

#### **Programming assignments**

Highly flexible and customizable, linux based graders for testing student assignments.

#### Coursera Labs

Coursera-hosted web environments. Learners can jump-start their learning without local setup or installs needed.

#### Plugins (iFrame widget)

Dear Faculty Member.

Welcome to the Palo Alto Networks Cybersecurity Academy! Following on from Arkadiusz's great email I wanted to introduce myself. My name is Keith Cantillon and I am the Academy Training Engineer for EMEA.

We currently have scheduled online instructor led Palo Alto Networks Certified Academy courses coming up in the coming months.

If you have already enrolled or attended a train the trainer course please ignore this mail.

#### Cybersecurity Infrastructure Configuration Train the Trainer - Instructor Online:

Is a 3-day course covering 7 hours per day. In those 7 hours it will comprise of 4 to 5 hours training and 2 to 3 hours practical hands on labs each day. I have limited the places to 15 per class to accommodate more focus to the attendees with labs etc. The course time will be 9:15am to 3:15pm (Ireland Time)

You will gain a general understanding of how to install, configure and manage firewalls for the defense of enterprise network architecture. You will also learn the theory and steps for setting up the security, networking, threat prevention, logging and reporting features of next-generation firewalls.

Using Palo Alto Networks next-generation firewalls, you will learn to:

- Compare industry-leading firewall platforms, architecture and defense capability related to Zero Trust security approaches and public cloud security.
- Demonstrate and apply configuration of firewall initial access, interfaces, security zones, routing, etc.
- · Analyze security policy administrative concepts related to source and destination network address translation, or NAT.
- Outline and construct security policies to identify known and unknown application software.
- Differentiate, configure and deploy filtering technologies such as antivirus, anti-spyware and file blocking.
- Construct and deploy URL profiles for attachment to next-generation firewall security policies.

#### Course Structure

#### Module 1: Security Architecture Planning

Review Palo Alto Networks next-generation firewalls, both hardware and software offerings

#### Module 2: Infrastructure Device Configuration

Examine Palo Alto Networks next-generation firewall flow logic and participate in several tutorials for initial configuration of a next-generation firewall.

#### Module 3: Cybersecurity Policy

Analyze security policy and NAT concepts, along with firewall configurations.

#### Module 4: Application Software Identification

Configure application properties and write firewall rules to permit or deny running of specific applications

#### Module 5: Antivirus, Anti-Spyware and File Blocking

Set up malware content identification through antivirus and anti-spyware security policies for next-generation firewalls

#### Module 6: Uniform Resource Locator Filtering

Manage access to URL web addresses and content

There will be additional reading, assignments and hands on labs that may be required in the evenings

I am excited to meet you virtually on any of the dates that I have set out below

which expression shall unless repugnant or inconsistent with the context or meaning thereof, be deemed to mean and include its business administrators, successors in title, legal representatives and permitted assigns) as the first part;

#### And

NSDL DATABASE MANAGEMENT LIMITED (a wholly owned subsidiary of the National Securities Depository Limited), a Company incorporated under the Companies Act, 1956 and having its Registered Office at 4th Floor, Trade World, 'A' Wing, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel Mumbai - 400 013 (hereinafter referred to as "NDML" which expression shall, unless it be repugnant to the subject or context thereof, shall deem to mean and include its successors and assigns) of the OTHER PART;

#### Whereas

The first part is desirous of lodging its academic awards which would be the awards listed by the University Grants Commission (UGC) amongst the following categories:

- (a) any certificate or degree or diploma including related mark-sheets, transcript or evaluation reports
  or provisional certificates, as the case may be, granted by an Academic Institution; this will also
  include certificate, degree, diploma for skill development;
- (b) all certifications by National Skill Qualification Framework (NSQF) aligned bodies. This would include all training courses/short term and long term certificate courses/any other courses as offered by institutions approved by the Ministry of Skill Development & Entrepreneurship (MSDE) for participating in NAD;
- (c) Mark sheets, certificates issued by the boards;
- (d) Certificates issued by eligibility test conducting bodies.

And the other part, having been authorized as one of the digital depositories in NAD for the purposes of establishment of National Academic Depository (NAD), agree to offer its services for the purpose of enabling the lodging, authentication and verification of academic awards through the NAD.

Therefore this agreement is entered into between the first part and the other part for a term which is coterminous with the appointment of the other part as Depository by UGC. Provided further that the first part shall ensure that provisions of General Financial Rules, 2017 (as amended from time to time)/State Government Financial rules(as applicable), and the Central Vigilance Commission guidelines and extant Rules, Regulations and Acts are strictly adhered to, while entering into this agreement.

Service Level Agreement (SLA) defines the terms of the other part's responsibility in ensuring the timely delivery of the deliverables and the correctness of the same.

Page 2 of 13

The objective of this Agreement is for the first part to enter into an understanding with the other
part to enable the first part to lodge the academic awards of its students/awardees from the current
academic year and also for previous academic years in the NAD Portal.

#### 2. Obligations of the first part

- a) The first part shall provide the necessary information such as Award templates, data masters, student identity details, Aadhar, NAD ID of the student etc. etc to the other part.
- b) The first part shall review and confirm the, master data, Award Images and Award data lodged in NAD system.
- c) The first part shall issue necessary administrative and procedural instructions as are necessary to bring and mandate use of NAD services.
- d) The first part shall lodge the digitally signed XML data and Images of all the academic awards to the other part before issue of the academic awards.
- e) The first part may take necessary steps to popularize the use of the system and facilitate expansion of the system usage.
- f) The accuracy of the data of academic awards and student's identity provided by the first part to the other part, shall be the sole responsibility of the first part. The other part shall avail the data from the first part on "AS IS" basis.
- g) The first part shall ensure that the data downloaded by the authorized users of the first part is used only for authorized purposes.
- h) The first part shall ensure to revoke the access of such of its officials who are no longer required to access NAD system for uploading / downloading information or using NAD system.
- i) The first part shall identify the officials to be trained for using NAD system and arrange to set-up training programs and issue internal instructions in this regard.
- j) The first part shall appoint and notify project coordinators from its side who will meet with the other part on a regular basis and provide necessary guidance, support and review the progress made.

#### 3. Obligations of the other part

The other part shall provide system features and perform incidental services as may be necessary to:

- Register first part on NAD;
- b. Provide access to the first part to its digital depository in NAD;
- Facilitate first part to efficiently lodge, in its digital depository in NAD, the details of academic awards awarded by it;
- d. Train first part in the process of lodging and retrieval of records in its digital depository in NAD;
- e. Provide efficient online verification of academic awards lodged in by the first part in its digital depository in NAD(with prior student consent);
- Provide authenticated copy/copies of the academic award with such security features as may be decided by UGC.
- g. Provide an authenticated copy of academic award in its digital depository in NAD when so requested by the student or an entity authorised by the student;
- h. Register students in NAD, based on Aadhaar / Unique NAD ID;
- Map academic awards to concerned student on the basis of Aadhaar ID or the verified NAD-ID seeded in the Award data;
- Maintain the authenticity, integrity and confidentiality of its digital depository in NAD database and block access to any unauthorized users;
- k. Mandatory inclusion of Student's identity details i.e. Aadhaar / NAD Registration ID in Academic Awards made available from NAD;

- submitted to NAD with Digital Signature Certificates; both data and image format would be required for uploading/lodging of academic awards in the NAD;
- m. Ensure that all data lodged by the first part remain secure in its digital depository in the NAD and no data loss happens due to destruction, unauthorized manipulation, archiving etc;
- n. Ensure that the academic awards lodged by the first part in the digital depository in NAD is, at all times, accessible online to either the first part, or the concerned awardee/ student or to a person authorized by the concerned awardee/student to access his/her award.
- Ensure that the academic awards lodged by the first part facilitate online interaction and exchange of information with the Central Identities Data Repository created by the Unique Identification Authority of India,;
- p. Ensure that the academic awards lodged by the first part are compliant with the Digital Locker technology of MeitY.
- q. Ensure that the academic awards lodged by the first part are transmitted to the other depository/ies in NAD in mutually agreed format between the digital depositories and also therefore to ensure inter-operability of system design and software between them. Syncing of data shall take place, between the two depositories in the NAD in order to resolve transmission errors, on multiple occasions in a day.
- r. Report and confirm back to the first part, after lodging of records, indicating, inter-alia, the NAD ID of the student and the Individual records/certificate ID created against each record.
- s. Provide/share the academic award data only upon receipt of consent from the student.
- Make available for verification data relating to academic award to Authorized Users with prior consent of the student.
- u. Provide Reports/Statistics or authenticated copy/ies of any specific academic award pertaining to any student/s in the digital depository when so requested in writing by any Statutory/Regulatory authority subject to approval by UGC.

- the specified time.
- d. The other part shall use its own hardware and licensed software including other software such as required for this application.
- e. The application software will be a web based application.
- f. The NAD system comprising depositories/portal/IT infrastructure/stakeholders should adhere to the Information Technology Act 2000 and all amendments thereof.
- g. The two depositories should also have Disaster Recovery (DR) sites highlighting the DR type and location.
- h. The web-based NAD application provided by the two depositories should meet the Uptime requirement of at least 99.5%.
- i. The website of NAD should be GIGW compliant.
- j. The other part should comply with all technical audit requirements as prescribed by UGC from time to time and shall publish such reports and certificates in their website. However, the first part, if it so desires to conduct an additional periodic Vulnerability Assessment Penetration Testing (VAPT) or any such other technical audit, may do so either through its own technical cell or through any other agency at its own cost.

#### 8.2. Archival and Duration of storage

The academic awards data shall be stored on the SAN (Storage Area Network). The other part shall have a well designed archival facility with an audit trail for NAD system. The UGC shall define the time limit (in years) for archiving the data (i.e. years after which the academic awards would be archived).

#### 8.3. Ownership of Hardware, Software & Data

The ownership of hardware and software resources deployed by the other part shall rest with it. The data received by the other part from the first part shall, at all times, remain the exclusive property of the first part.

#### 9. Confidentiality

The data/academic awards are provided by the first part to the other part for hosting on the NAD portal for the purpose of being ultimately downloaded by various stakeholders. Such data/academic awards shall be considered as "Confidential Information" from the date on which it is received by the other part (as per the process of supply of data that has been mutually agreed to between the first part and the other part in writing) till the date on which it is hosted on the NAD portal and made available to public at large. The other part shall ensure complete confidentiality of such data/academic awards provided by the first part, until the time it is hosted on NAD portal and it agrees to limit disclosure of confidential information to employees, software developers on a "need to know" basis. The other part shall not make or allow any of its employees, developers or agents working on the NAD project to make any unauthorized use of the confidential information for any purpose directly or indirectly. Employees, agents and developers working on NAD project shall be underwritten obligations of confidence and non-use with respect to such confidential information received thereto. The other part will be responsible to ensure that no piece of confidential information will be passed on to any other third party without written permission of the first part or any Official authorised by the first part. Adequate provisions shall be made not to allow unrestricted access to such confidential information to employees who are not involved on the NAD Project.

The other part may disclose such Confidential data only to the extent the other part is required to disclose on account of order of any competent court or tribunal provided however that while disclosing such data, the other part shall keep the first part informed of the same vide a prior notice unless such notice is prohibited by applicable law.

Aadhar information as specified under the Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016

- 9.1. Exceptions. Notwithstanding the above, the other part will have no liability to the first part with regard to any Confidential Information of the first part which the other part can demonstrate:
  - was in the public domain at the time it was disclosed to the other part or has become in the public domain through no fault of the other part;
  - was known to the other part through no breach of any other confidentiality agreement at the time of disclosure, as evidenced by the other part's files in existence at the time of disclosure;
  - was independently developed by the other part as evidenced by the other part's files in existence at the time of disclosure;

#### 10. Service Quality

- The other part shall comply with the provisions as stipulated in the tripartite agreement carried out between UGC and depositories.
- b) The other part shall strictly follow the uptime application norms as devised and amended from time to time by Ministry of Electronics and Information Technology (MeitY). Further, the other part shall adhere to all applicable norms of MeitY to make NAD system efficient and userfriendly.
- c) The other part shall use the data provided to them by the first part strictly in the manner as stipulated in the tripartite agreement(between UGC and depositories)/ Agreement(between first part and second part) and in no other manner. In the event of any misuse of data by the other part by way of interpolations or tampering of the data provided to them by the first part, shall be dealt with as per the penal provisions provided under the Indian Law.

#### 11. Indemnity

- 1. Both the parties shall indemnify each other as mentioned herein. The Indemnifying Party undertakes to indemnify and hold harmless the Indemnified Party from and against all losses, claims or damages to tangible personal property arising in favor of any person, corporation or other entity (including the Indemnified Party) attributable to:
- a. the Indemnifying Party's breach or non performance of any of the Indemnifying Party's undertakings, warranties, covenants, declarations or obligations under this Agreement;
- b. The first part shall indemnify and hold harmless the other part from any claims by third parties for damages or loss caused arising from the inaccuracy or deficiency in the data of academic awards as provided by the first part to the other part and hosted on the NAD portal.

#### 12. Term & Termination

#### 12.1. Term

I. The agreement shall be valid initially for a period of two years from the date of signing the agreement but not later than 30th September, 2019 subject to continuity of the appointment of the other part as "Depository" by UGC. This agreement may be renewed with the approval of the Competent Authority from time to time. In the event of termination / revocation / withdrawal of the appointment of the other part as "Depository" by UGC, the agreement shall be deemed to have automatically lapsed on the date on which such termination / revocation / withdrawal comes into effect.

Page 7 of 13

Revocation of appointment of the other part:

- The first part may, if it is satisfied after making such enquiry as it deems fit, revoke the appointment of the other part on any or all of the following grounds, namely;
  - a. where other part, in the opinion of the first part, makes willful or continuous default in any act of commission or omission as required by or under the Service Level Agreement;
  - b. where the other part commits breach of any of the terms or conditions of the appointment as digital depository of NAD which is expressly declared by such appointment to render it liable to revocation;
  - c. where the other part fails, within the period fixed in this behalf by its appointment, or any longer period which the first part may have granted therefore, to show, to the satisfaction of the first part, that such agency is in a position fully and efficiently to provide the services required of it and discharge its duties and obligations imposed on it by its appointment;
  - d. where in the opinion of the first part, the financial position of the other part is such that such agency is unable fully and efficiently to provide the services required of it or discharge the duties and obligations imposed on it, by its appointment;
- 2. No appointment shall be revoked under Clause 12.2(1) unless the first part has given to the other part not less than thirty days notice, in writing, stating the grounds on which it is proposed to revoke the appointment, and has considered any cause shown by the other part within the period of that notice, against the proposed revocation.
- 3. Where the first part revokes the appointment under Clause 12.2(1), it shall serve an order of revocation upon the other part and fix a date on which the revocation shall take effect; which shall not be less than 30 days from the date of the said order; and such revocation shall be without prejudice to the action which may be taken against it in under any other law for the time being in force.
- 4. The first part may, instead of revoking a appointment under Clause 12.2(1), permit such appointment to remain in force subject to such further terms and conditions as it thinks fit to impose and as agreed by the other part in writing, and any further terms or conditions so imposed shall be binding upon and be observed by the other part for digital depository in NAD and shall be of like force and effect as if they were contained in the initial appointment at the time of signing the agreement.
- In the event of the agreement being revoked by the first part, the other part shall transfer all the records/data to the other constituent depository of NAD.

#### 13. Notices

All notices or other communications required to be given hereunder shall be in writing, in the English language and delivered either personally or by e-mail, fax requesting delivery receipt or prepaid registered postage with acknowledgement due, to the following address or as otherwise requested in writing by the receiving party in accordance with terms of this clause. Notices delivered personally shall be effective upon delivery and notices delivered by e-mail and fax shall be effective upon sending and successful delivery/ receipt by the party to whom they are addressed. Notices delivered under prepaid registered postage shall be effective seven days from the date of dispatch:

#### 14. Force Majeure

- Force Majeure would include natural and unavoidable catastrophe that interrupts the expected course of events.
- The other part shall not be liable for penalty, liquidated damages or for default, if and to the extent that, its delay in performance or other failure to perform his obligations under the contract is the result of an event of Force Majeure.
- 3. For purposes of this clause, "Force Majeure" means an event beyond the control of the other part and not involving other part and not involving the other part's fault or negligence and not foreseeable. Such events may include, but are not restricted to, instances of, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes which would have an impact on the performance of NAD.
- 4. If a Force Majeure situation arises, the other part shall promptly notify the first part in writing of such conditions and the cause thereof. Unless otherwise directed by the first part, the other part shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.
- 5. The Force Majeure circumstances and events shall include the following events to the extent that such events or their consequences (it being understood that if a causing event is within the reasonable control of the affected party, the direct consequences shall also be deemed to be within such party's reasonable control) satisfy the appropriate definition as per this agreement. Without limitation to the generality of the foregoing, Force Majeure Event shall include the following classes of events and circumstances and their effects:
  - (i) Natural events ("Natural Events") to the extent they satisfy the foregoing requirements including:
    - Any material effect on the natural elements, including lightning, fire, earthquake, cyclone, flood, storm, tornado, or typhoon;
    - b. Explosion or chemical contamination (other than resulting from an act of war);
    - c. Epidemic such as plague;
    - d. Any event or circumstance of a nature analogous to any of the foregoing.
  - (ii) Other Events (Political Events) to the extent that they satisfy the foregoing requirements including:
    - Act of war (whether declared or undeclared), invasion, armed conflict or act of foreign enemy, blockade, embargo, revolution, riot, insurrection, civil commotion, act of terrorism or sabotage;
    - Strikes, work to rules, go-slows which are either widespread, nation-wide, or statewide and are of political nature;
    - c. Any event or circumstance of a nature analogous to any of the foregoing.

- The first part and the other part shall make every effort to resolve amicably by direct informal negotiation, any disagreement or dispute, arising between them under or in connection with this agreement.
- 2. Any dispute or difference whatsoever arising between the parties to this Agreement out of or relating to the construction, meaning, scope, operation or effect of this Agreement or the validity of the breach thereof, which cannot be resolved through the above mentioned method, shall be referred to a sole Arbitrator to be appointed by mutual consent of both the parties herein. If the parties cannot agree on the appointment of the Arbitrator within a period of one month from the notification by one party to the other of existence of such dispute, then the Arbitration shall be governed by UGC. The provisions of the Arbitration and Conciliation Act, 1996 will be applicable and the award made there under shall be final and binding upon the parties hereto, subject to legal remedies available under the law. Such differences shall be deemed to be a submission to arbitration under the Indian Arbitration and Conciliation Act, 1996, or of any modifications, Rules or re-enactments thereof. The Arbitration proceedings will be held at Delhi.
- 3. Wherever dispute is raised by the first part during the course of implementation of the agreement/contract, prior legal advice should be sought by the first part before initiating any such action and the statement of claim for arbitration should also be got vetted by the first part by obtaining legal and financial advice.

#### 16. Severability

Should any part of this Agreement be declared illegal or unenforceable, the Parties hereto will cooperate in all ways open to them to obtain substantially the same result or as much thereof as may be possible, including taking appropriate steps to amend, modify or alter this Agreement.

#### 17. Entire Agreement

Subject to any terms implied by law, this Agreement along with its Annexure constitutes the entire Agreement between the first part and the other part and supersedes any previous Agreements or understandings between the parties in relation to the subject matter of this Agreement. Each party acknowledges that it has not relied on or been induced to enter into this Agreement by a representation or warranty other than those expressly set out in this Agreement. To the extent permitted by Applicable Law, a party is not liable to another party in contract or tort or in any other way for a representation or warranty that is not set out in this Agreement or otherwise agreed to by mutual consent of both the parties given in writing.

## Implementation of National Academic Depository (NAD) -Regarding.

Dear Sir/Madam,

The National Academic Depository (NAD) has been established to ensure a 24 X 7 digital and safe electronic store house of all academic awards viz. certificates, degrees, diplomas, mark sheets etc. It allows the academic institutions/school boards etc. to lodge and upload the academic awards which are authenticated and validated. The NAD consists of two inter-operable digital depositories viz. CDSL Ventures Limited (CVL) and NSDL Database Management Limited (NDML).

NAD would be of immense benefit to various stakeholders viz, technical institutions, students, prospective employers etc, as now, degrees, marksheets, certificates etc, would be available with just a click of mouse. Several services like lodging, maintenance, access, verification and authentication of academic awards in a digital format shall be provided through NAD. Keeping in view the significance of this important e-governance initiative in the education sector and the benefits inbuilt within NAD, most of the user charges of NAD services viz., registration, uploading of awards, initial trainings etc. are kept out of the purview of user charges for the time being (till September 2019). The details of NAD are available at <a href="https://www.nad.gov.in">www.nad.gov.in</a>.

The University Grants Commission (UGC)-the authorized designated body to operationalise NAD, has already entered into an agreement with CVL and NDML. The technical institutions in turn, are free to select either of the two entities for entering into legally enforceable agreement between them and the selected depository for utilizing the services of NAD.

In view of above, AICTE desires that all approved Institutions affiliated to the University/Deemed to be University and Standalone PGDM/PGCA Institutes should also come on-board in consultation with their affiliating University with NAD at the earliest.

Also, the Autonomous/TEQIP institutions having academic autonomy should also come on-board in consultation with their affiliating University with NAD on or before September 2019.

Please find attached circular copy in this regard.
