Dear Sir,

We have Disaster Management with 0 credit in even semester for B.Tech and BCA students. For which we have to conduct 2 lectures/week for each program. We have designed our course curriculum on NEP guidelines therefore looking forward to conduct classes of Disaster Management in an online mode. Students will be given freedom to go through the course from NPTEL/online platform. Students will be given options either to submit online certification or to give offline exam within the campus. This will also meet NEP requirement.

We will be grateful if you can approve our request for implementation.

With Warm Regards

Dear Satender Sir,

Greetings for the day!

This is to propose a International Women day celebration on 4th March 2023 (which actually happens on 8 March but due to Holi holiday we are celebrating on the mentioned date). We would like to take your permission if we can invite Quantum Female faculty & Girls students.

Your suggestion is welcomed.

Dear Vivek Sir,

I wanted to invite you to a webinar co-hosted by Coursera and EdTechReview on February 1, 2022, from 11:00 AM IST to 12:00 Noon IST on the topic 'Multidisciplinary Approach For Improved Curriculum and Student Employability'.

During the webinar, Raghav Gupta, Managing Director, India and APAC, Coursera will engage with higher education leaders such as Dr. Vishal Talwar, Director, IMT Ghaziabad, Dr. Himadri Das, Director General, International Management Institute (IMI), New Delhi, and Dr. Phalguni Gupta, Vice-Chancellor, GLA University on building a holistic model of multi-disciplinary learning and preparing students for jobs of the future.

#### Join this webinar to learn:

- How multi-disciplinary education benefits students and institutions
- Job-ready skills necessary to make students more employable
- · What support do faculty need to provide for a world-class digital learning experience

You can register for the webinar here!

Yours sincerely,

Prof. Vivek,

Today, approximately 90% of Indian companies are looking to rapidly digitize their processes. It's no surprise that a skills gap has emerged, and the resulting challenges are significant. Employers urgently need digitally skilled talent, and employees urgently need digital skills.

To continue fostering critical conversations around these issues, we want to **invite you to a flagship Coursera for Campus event** focused on preparing for India's rapidly evolving higher education landscape. This invite-only event will bring together government, industry, and higher education leaders.

Event theme: Transforming India's Higher Education for the Digital-First

World

Date: Friday, October 14, 2022

Time: 10.30 AM - 4 PM

Venue: The Leela Palace, New Delhi

#### Highlights of the event include:

- Keynote by Jeff Maggioncalda, CEO, Coursera
- Guest keynotes by government and Industry leaders
- Panel discussion on "Enhancing Student Employability in a Digital-First World"
- University impact story
- Closing remarks

During the event, you will get exclusive opportunities to engage with keynote speakers and Coursera's leadership team. You'll also learn about Coursera's latest product innovations and spend time networking and making connections with inspiring peers.

#### Register now

Kindly note that this is a non-transferable invite and the right reservation of your spot lies with the organisers.

If you have any questions, please reach out to us on campusindia@coursera.org.

# Introduction to Operating Systems

This specialization is intended for people with some programming experience who seek an approachable introduction to how operating systems work on a fundamental level. This course will equip learners with foundational knowledge of operating systems suitable for any developer roles. In these four courses, you will cover everything from the basics of a C program to distributed systems. These topics will help prepare you to optimize the performance of the programs you write.

#### Respected All,

Quantum University, Roorkee is pleased to host the first edition of Uttarakhand Udyog Mahotsav (UKUM), the largest event of its kind, from March 18 to 20, 2023. This three-day mega Industrial Expo is an initiative of the Bhagwanpur Industries Association (BIA) and is being held in collaboration with Quantum University, IIT Roorkee, and Roorkee Small Scale Industrial Association (RSSIA).

The event aims to bring together start-ups, MSMEs, vendors, and service providers to showcase their efforts towards the 'Atmanirbhar Bharat' initiative. Over 200 industries, including various industry associations and other participants, will participate in the expo.

As this Mega Event is taking place at the Quantum University Campus, therefore it is the utmost responsibility of all of us. Few Committees have been framed with the permission of Hon'ble Vice Chancellor Sir. A meeting in this regard will be held tomorrow i.e., 15th March 2023 at 12PM in the Boardroom. The list of members is attached. Please ensure your presence on time.

Thanks & Regards,

Subject: Proposal of 10 hrs training program under the aegis of NISM

To: mousmi.qsb@quantumeducation.in <mousmi.qsb@quantumeducation.in>

\*Sub: Proposal for Financial Education for Young Citizens.\*

Ma'am/Sir

As a resource person of \*National Institute of Securities Market (NISM)\* the apex institute of securities market in India, I am pleased to introduce the training program \*"Financial Education for young Citizens"\* for final year students of graduation, post graduate courses, across colleges and institutions in India.

The proposed program will be for 10 hours duration i.e. (2 hours 5 days or 5 hours 2 days) organised on mutually consented Dates, followed by a pre and post quiz, successful students will receive a certificate from NISM. We will provide all logistics support Like Speakers, e-certificate, reading material etc. for this we will not charge anything from colleges or participants.

Interested Organizations will give their consent not less than 7 days in advance, a format in which it would be conducted (2 hours 5 days or 5 hours 2 days), dates on which the program is to be conducted, name and contact details of the principal of the college, anchor faculty of the college (who coordinates the program from the college side), student representative (who coordinates for all the students) and website of the college if any. This information includes their Name, Designation, Mobile number, and email address. The college and anchor faculty will also get a certificate of appreciation.

After getting approval from NISM, the institute shall share names, email ids, and cell numbers of all students who will attend the session; stream to which they belong (course they are doing) at least 2 days in advance of the program.

Looking forward to a quick response from your side, the selection of colleges done on a first-come-first-serve basis.

Thanking you

Yours Sincerely

Attention - Dr. Vivek Kumar, Quantum University, HP

Dear Sir,

Greetings from NSDL!!!

We take this opportunity to introduce NSDL's educational initiatives being organized for students for making them a 'Prudent Investor'.

NSDL is amongst the largest depositories in the world. Established in 1996, we have setup a state-of-art infrastructure that handles most of the securities held and settled in dematerialised form in Indian securities market. At NSDL, we have more than 89% market share of custody value which is more than US\$ 4 Trillion (or ₹320 Lakh Crore). Investors are offered depository services from 57000+ service centres. NSDL's investors are present in 99.2% of pincodes in India and spread across 189 countries.

NSDL conducts specially focused programs for students to enable them to understand the importance of saving, why we need to invest and basics of securities market. Our efforts are aimed to help students to manage money effectively and start their journey to create wealth for themselves from the beginning of their career. As part of Azadi Ka Amrit Mahotsav NSDL, has reached 5500+ students by conducting 110 programs across 28 states and 2 union territories with primary emphasis on Tier 2 and Tier 3 Cities of India within 30 days in 8 different regional languages.

We propose to conduct an online certification program specially crafted for students of your institute.

- 1. Course contents Basics of Investment (5 Module Program)
- 2. Duration 3 hours
- 3. Mode Online (ZOOM)
- 4. Date Any day from 3<sup>rd</sup> oct to 15<sup>th</sup> Oct
- 5. Time As convenient to you.
- 6. Faculties Expert faculties shall be arranged by NSDL.
- 7. Language You may indicate your choice of language for conducting this course. We shall try best to engage faculties accordingly on best effort basis.
- 8. Fee None (no cost to students and institute)
- 9. Students completing the course successfully shall be awarded Internationally recognized Certificate by **Michigan Academy for Developing Entrepreneurs (MADE)** jointly with **NSDL** and **Poornatha** (Knowledge Partner).

We look forward to connect with you to take this forward.

Dear Dr Vivek,

Greetings from NSE Academy ( a wholly owned subsidiary of National Stock Exchange)

Hope your doing well !!

It was nice meeting you on 22-Nov-2022 and discuss about possible association with NSE Academy for establishing NSE SMART Fin Lab at Quantum University Campus.

Based on our discussion, I have taken approval for discount on set up cost of NSE SMART Software, hence post discount of 20% I am sharing a revised proposal, new commercials are as follows:-

Installation Cost/ Set Up Cost- Rs. 3,50,000/-

Price Per id – Rs. 2500 / -; Minimum Ids- 30

Plus GST as applicable

Request you to please find attached proposal for the same.

### NSE SMART (NSMART)- Simulated Market Trading Application – Fin Lab

Institutions are looking for an ecosystem that extends far beyond the more formal, traditional forms of training. From mobile learning & social learning to Self-driven learning that happens anytime, anywhere. NSMART reproduces features of a live equity/derivative/currency derivatives market on trading terminals for students to practice and learn trading securities without financial risk. NSMART is available to be deployed in both **Exe and Web based version.** 

NSE SMART Lab is already established in institutions like – UPES Dehradun, GD Goenka University, Galgotias University, Christ University (NCR Campus), GGD SD College Chandigarh, IIT Roorkee, IIT(ISM) Dhanbad, IIM Bangalore, IIM Trichy, IIM Jammu and many more.

Dear Sir,

Apart from dates we need to work on planning and branding the event.

We also need to work on speakers, trainings and other finer points.

Therefore, we would appreciate if the University could appoint a SPOC, this will help us in planning and executing the event well.

WARNING: This email is from an EXTERNAL source. Exercise caution while opening attachments/links and replying to this email.

sir,

I think we had already finalised the dates for the event. Also the geographical area had to be reserved for us so that the events of other institutes do not overshadow each other.

Any other detail that is required from our side, do let us know

Dear Sir,

Hope you are doing well.

As discussed during our visit to the University the next step for organising the Capture the flag event.

Time would be the essence of this project, so we need to work on the timeline.

We would also like to conduct one day workshop for students at your university on newer technologies during the first / second week of January 2023.

Awadhesh Sir marked in this email will be the SPOC for CTF and the workshop from our side.

Dear Sir,

Hope you are doing well.

With respect to our discussion with regarding the CTF Event , please find attached the reference document for further discussion.

In the document we have as far as possible captured all the possibilities, we may choose or leave a particular event

We plan to visit the University to discuss the same most probably next week.

In the meantime, if you suggest we can also have an online discussion to streamline the event.

Regards,

Dear Sir,

Hope you are doing well.

As discussed during our visit to the University the next step for organising the Capture the flag event.

Time would be the essence of this project, so we need to work on the timeline.

We would also like to conduct one day workshop for students at your university on newer technologies during the first / second week of January 2023.

Awadhesh Sir marked in this email will be the SPOC for CTF and the workshop from our side.

Regards,

Subject: Capture the Flag Event - Hosting Institution- Quantum University

Dear Sir,

Hope you are doing well.

With respect to our discussion with regarding the CTF Event , please find attached the reference document for further discussion.

In the document we have as far as possible captured all the possibilities, we may choose or leave a particular

We plan to visit the University to discuss the same most probably next week.

In the meantime, if you suggest we can also have an online discussion to streamline the event.

#### Foundation to AI, Data Science, Ethics and Foundation of Data Analysis

Objectives: The objective of this course is to teach students the concepts of current main conceptual frameworks at use in AI Business Intelligence and Data Analytics.

**Course Rationale:** The course begins with the theoretical understanding of AIML and usage, Ethics present and future.

#### **Course Objectives:**

The objective of this course is to teach students the concepts of current main conceptual frameworks at use in AI

#### **Learning & Course Outcomes:**

On completion of this course, the students are expected to learn

- 1. Uses of AI, Ethics present and future
- 2. Introduction to Machine Learning
- 3. Application of AI by domain, Role of AI in society.

#### UNIT – I

**Introduction to Data Science:** Defining Data Science and Big Data, Benefits and Uses of Data Science and Big Data, Facets of Data, Structured Data, Unstructured Data, Natural Language, Machine generated Data, Graph based or Network Data, Audio, Image, Video, Streaming data, Data Science

Process, Big data ecosystem and data science, distributed file systems, Distributed programming framework, data integration framework, machine learning framework, No SQL Databases, scheduling tools, benchmarking tools, system deployments

#### UNIT - II

**Data Science Processes:** Six steps of data science processes, define research goals, data retrieval, cleansing data, correct errors as early as possible, integrating – combine data from different sources, transforming data, exploratory data analysis, Data modelling, model and variable selection, model execution, model diagnostic and model comparison, presentation and automation.

#### UNIT - III

Introduction to Machine Learning: What is Machine Learning, Learning from Data, History of Machine Learning, Big Data for Machine Learning, Leveraging Machine Learning, Descriptive vs Predictive Analytics, Machine Learning and Statistics, Artificial Intelligence and Machine Learning, Types of Machine Learning – Supervised, Unsupervised, Semi-supervised, Reinforcement Learning, Types of Machine Learning Algorithms, Classification vs Regression Problem, Bayesian, Clustering, Decision Tree, Dimensionality Reduction, Neural Network and Deep Learning, Training machine learning systems

#### UNIT - IV

**Introduction to AI:** What is AI, Turing test, cognitive modelling approach, law of thoughts, the relational agent approach, the underlying assumptions about intelligence, techniques required to solve AI problems, level of details required to model human intelligence, successfully building an intelligent problem, history of AI

#### UNIT - V

**Introduction to Data Analytics:** Working with Formula and Functions, Introduction to Power BI & Charts, Logical functions using Excel, Analysing Data with Excel.

#### **Reference Books:**

- Artificial Intelligence 3e: A Modern Approach Paperback By Stuart J Russell & Peter Norvig; Publisher Pearson

#### Data Analysis using Python, Numpy, Pandas, Matplotlib, and Seaborn

Objectives: The objective of this course is to teach students the concepts of Python Programming Language with Libraries

#### <u>UNIT – I</u>

**Python programming Basic:** Python interpreter, IPython Basics, Tab completion, Introspection, %run command, magic commands, matplotlib integration, python programming, language semantics, scalar types. Control flow.

#### UNIT – II

**Data Structure, functions, files:** tuple, list, built-in sequence function, dict, set, functions, namescape, scope, local function, returning multiple values, functions are objects, lambda functions, error and exception handling, file and operation systems

<u>UNIT – III</u>

**NumPy: Array and vectorized computation:** Multidimensional array object. Creating ndarrays, arithmetic with numpy array, basic indexing and slicing, Boolean indexing, transposing array and swapping axes, universal functions, array-oriented programming with arrays, conditional logic as arrays operations, file input and output with array

#### **UNIT-IV**

**Pandas:** Pandas data structure, series, DataFrame, Index Object, Reindexing, dropping entities from an axis, indexing, selection and filtering, integer indexes, arithmetic and data alignment, function application and mapping, soring and ranking, correlation and covariance, unique values, values controls and membership, reading and writing data in text format

#### **UNIT-V**

**Visualization with Matplotlib:** Figures and subplots, colors, markers, line style, ticks, labels, legends, annotation and drawing on sublots, matplotlib configuration

**Plotting with pandas and seaborn:** line plots, bar plots, histogram, density plots, scatter and point plots, facet grids and categorical data

#### Probabilistic Modelling and Reasoning with Python

Objectives: The objective of this course is to teach students the concepts of Statistics, probability, probability distribution, and other statistical methods to solve various engineering problems.

**Course Rationale:** The course begins with the theoretical study of statistics and probability distributions which is widely used in ML, Al and all engineering applications. Topics include: basic combinatorics, random variables, probability distributions, Bayesian inference, hypothesis testing, and confidence intervals.

#### **Course Objectives:**

• The objective of this course is to teach students the basic concepts of Statistics, Probability and probability distribution and other statistical methods to solve various engineering problems.

#### **Learning & Course Outcomes:**

On completion of this course, the students are expected to learn

- 1. Basics of Statistics and Probability distributions
- 2. Sampling theory and Theory of Estimation
- 3. Various tests of Hypothesis and Significance
- 4. Correlation and Regression and fitting of different types of curves.

#### UNIT - I

applications of statistics.

**Scientific data gathering:** Sampling techniques, scientific studies, observational studies, data management.

**Data description:** Displaying data on a single variable (graphical methods, measure of central tendency, measure of spread), displaying relationship between two or more variables, measure of association between two or more variables.

#### UNIT - II

**Probability Theory:** Sample space and events, probability, axioms of probability, independent events, conditional probability, Bayes' theorem.

**Random Variables:** Discrete and continuous random variables. Probability distribution of discrete random variables, binomial distribution, poisson distribution. Probability distribution of continuous random variables, The uniform distribution, normal (gaussian) distribution, exponential distribution,

gamma distribution, beta distribution, t-distribution,  $\chi''$  distribution. Expectations, variance and covariance. Probability Inequalities. Bivariate distributions

#### **UNIT-III**

**Point Estimations:** Methods of finding estimators, method of moments, maximum likelihood estimators, bayes estimators. Methods of evaluating estimators, mean squared error, best unbiased estimator, sufficiency and unbiasedness

**Interval Estimations:** Confidence interval of means and proportions, Distribution free confidence interval of percentiles

#### <u>UNIT - IV</u>

**Test of Statistical Hypothesis and p-values**: Tests about one mean, tests of equality of two means, test about proportions, p-values, likelihood ratio test, Bayesian tests

**Bayesian Statistics:** Bayesian inference of discrete random variable, Bayesian inference of binomial proportion, comparing Bayesian and frequentist inferences of proportion, comparing Bayesian and frequentist inferences of mean.

#### Unit -V

**Univariate Statistics using Python:** Mean, Mode. Median, Variance, Standard Deviation, Normal Distribution, t-distribution, interval estimation, Hypothesis Testing, Pearson correlation test, ANOVA F-test

Software Req: R Studio	Hours: 4 per Week

#### R PROGRAMMING FOR DATA SCIENCE AND DATA ANALYSIS

Objectives: The objective of this course is to teach students R Programming Language, basic functions in R programming language and critical techniques

Course Rationale: The course begins with the study of R Programming

#### **Course Objectives:**

R is a programming language for statistical computing and graphics that you can use to clean, analyze, and graph your data. It is widely used by researchers from diverse disciplines to estimate and display results and by teachers of statistics and research methods

#### **Learning & Course Outcomes:**

On completion of this course, the students are expected to learn

- 1. Open Source. ...
- 2) Platform Independent. ...
- 3) Machine Learning Operations. ...
- 4) Exemplary support for data wrangling. ...
- 5) Quality plotting and graphing. ...
- 6) The array of packages. ...
- 7) Statistics. ...

#### UNIT - I

<u>Getting Started with R and R Workspace</u>: Introducing R, R as a programming Language, the need of R, Installing R, RStudio, RStudio's user interface, console, editor, environment pane, history pane, file pane, plots pane, package pane, help and viewer pane

R Workspace, R's working directory, R Project in R Studio, absolute and relative path, Inspecting an Environment, Inspect existing Symbols, View the structure of object, Removing symbols, Modifying Global Options, Modifying warning level, Library of Packages, Getting to know a package, Installing a Package from CRAN, Updating Package from CRAN, Installing package from online repository, Package Function, Masking and name conflicts

#### UNIT - II

Basic Objects and Basic Expressions: Vectors, Numeric Vectors, Logical Vectors, Character Vectors, subset vectors, Named Vectors, extracting element, converting vector, Arithmetic operators, create Matrix, Naming row and columns, subsetting matrix, matrix operators, creating and subsetting an Array, Creating a List, extracting element from list, subsetting a list, setting value, creating a value of data frame, subsetting a data frame, setting values, factors, useful functions of a data frame, loading and writing data on disk, creating a function, calling a function, dynamic typing, generalizing a function. Assignment Operators, Conditional Expression, using if as expression and statement, using if with vectors, vectorized if: ifelse, using switch, using for loop, nested for loop, while loop

#### UNIT - III

<u>Working with Basic Objects and Strings</u>: Working with object function, getting data dimensions, reshaping data structures, iterating over one dimension, logical operators, logical functions, dealing with missing values, logical coercion, math function, number rounding functions, trigonometric functions, hyperbolic functions, extreme functions, finding roots, derivatives and integration.

#### **Unit-IV**

Statistical function, sampling from a vector, Working with random distributions, computing summary statistics, covariance and correlation matrix, printing string, concatenating string, transforming text, Formatting text, formatting date and time, formatting date and time to string, finding string pattern, using group to extract data, reading data

#### UNIT - V

<u>Working with Data – Visualize and Analyze Data</u>: Reading and Writing Data, importing data using built-infunction, READR package, export a data frame to file, reading and writing Excel worksheets, reading and writing native data files, loading built-in data sets, create scatter plot, bar chart, pie chart, histogram and density plots, box plot, fitting linear model and regression tree

#### **Machine Learning and Pattern Recognition**

Objectives: The objective of this course is to teach students the basic concepts of machine learning, supervised learning, unsupervised learning, and reinforcement learning.

**Course Rationale:** The course begins with the key concepts of Machine Learning. The student gets an opportunity to learn Machine learning algorithms, analyze the results, and techniques to optimize them.

#### **Course Objectives:**

The objective of this course is to teach students the basic concepts of machine learning, supervised learning, unsupervised learning, and reinforcement learning

#### **Learning & Course Outcomes:**

On completion of this course, the students are expected to learn

- 1. Basic Algorithms of Machine Learning
- 2. Supervised and Unsupervised Learning
- 3. Linear Regression, Classification, Tree, PCA, SVD, SVM
- 4. Resampling Methods and Optimization Techniques

#### <u>UNIT – I</u>

**Introduction:** Learning systems, real world applications of machine learning, why machine learning, variable types and terminology, function approximation

#### Unit-II

Types of machine learning: Supervised learning, unsupervised learning, reinforcement learning

#### <u>UNIT – III</u>

**Important concepts of machine learning:** Parametric vs non-parametric models, the trade-off between prediction accuracy and model interpretability, the curse of dimensionality, measuring the quality of fit, biasvariance trade off, overfitting, model selection, no free lunch theorem

#### <u>UNIT – IV</u>

Linear Regression: Linear regression, estimating the coefficients, accessing the accuracy of coefficient estimates, accessing the accuracy of the model, multiple linear regression, qualitative predictors

#### <u>UNIT – V</u>

Classification: Logistic regression, estimating regression coefficients, making predictions, multiple logistic regressions, linear discriminant analysis, bayes' theorem of classification, LDA for p=1, LDA for p>1, quadratic discriminant analysis

#### **Neural Network & Deep Learning**

**Course Rationale:** The course begins with key concepts of neural networks, feed-forward neural network, and backpropogation. The student gets an opportunity to learn the programming languages (TensorFlow) to design the deep learning models. The student learns the concepts behind CNN, RNN, LSTM, Autoencoders, and GANs. The hands on learning will help build strong knowledge base for designing advanced deep learning models.

#### **Course Objectives:**

The objective of this course is to teach students the basic concepts of neural networks, neurons, and deep learning.

#### **Learning & Course Outcomes:**

On completion of this course, the students are expected to learn

- 1. Neural Network, Feed Forward and Backpropogation
- 2. Tensorflow and Keras
- 3. RNN, CNN, Autoencoders

#### UNIT - I

The neural network: The neuron, linear perceptron, feed-forward neural network, limitations of linear neurons, sigmoid, tanh, relu neurons, softmax output layer, information theory, cross entropy, Kullback-Leibler divergence.

#### UNIT - II

Training feed-forward neural network: Gradient Descent, delta rules and learning rates, gradient descent with sigmoidal neurons.

#### **UNIT-III**

Backpropagation algorithms, stochastic and minibatch gradient descent, test sets, validation sets and overfitting, preventing overfitting

#### UNIT - IV

TensorFlow: Computation graphs, graphs, sessions and fetches, constructing and managing graph, flowing tensors, sessions, data types, tensor arrays and shapes, names, variables, placeholders and simple optimization, linear regression and logistic regression using tensorflow

#### Unit-V

Implement Neural Network: Introduction to Keras, Build neural network using Keras, Evaluating models, data preprocessing, feature engineering, feature learning, overfitting, underfitting, weight regularization, dropout, universal workflow of deep learning.

**Moving beyond gradient descent:** Local minima vs global minima vs saddle, model identifiability, correcting gradient points in wrong directions, Momentum based optimization, second order methods, learning rate adaption, adagrad, rmsprop, adam.

#### Unit-II

**Convolutional Neural Network**: Convolution operation, filters and feature maps, motivation, sparse interactions, parameter sharing and equivariant representation, padding and stride.

#### **UNIT-III**

Max pooling, full architectural description of convolutional network, build cnn using data augmentation, using pretrained convnet, visualize what convnet learn.

#### <u>UNIT – IV</u>

**Embedding and Representation Learning:** Principle component analysis, working with text data, one-hot encoding of words and characters, word embedding, autoencoder architecture, denoising, sparsity, Word2vec framework, Skip-Gram architecture.

#### DATA ANALYTICS AND VISUALIZATION

#### Unit V

**Models for Sequence Analysis:** Analysing Variable-length inputs, Seq2seq with neural n-gram, part of speech tagger, dependency parse, syntaxnet, recurrent neural network, challenges with vanishing gradients, long short term memory units

SEMESTER: 6	Credit: 2-0-1
Software: Apache Hadoop, Apache Pig, Apache Hive,	No of Hours: 4 per Week
Apache Spark, Apache Avro, Ubuntu/Centos, Java	

#### **Data Science-Tool & Techniques**

Objectives: The objective of this course is to teach students the conceptual framework of Big Data, Virtualization, MapReduce, HDFS, Pig, Hive, Spark, ZooKeeper, HBase

**Course Rationale:** The student learns the architecture of HDFS and MapReduce along with other tools such as pig, hive, spark, Zookeeper, HBase

#### **Course Objectives:**

The objective of this course is to teach students the conceptual framework of Big Data, Virtualization, MapReduce, HDFS, Pig, Hive, Spark, ZooKeeper, HBase

#### **Learning & Course Outcomes:**

On completion of this course, the students are expected to learn

- 1. Concepts of Hadoop and HDFS
- 2. Concepts of MapReduce
- 3. Big data tools Pig, Hive, Spark, Zookeeper, HBase

#### <u>UNIT – I</u>

**Big Data:** Fundamentals of Big Data, defining big data, building successful big data management architecture, big data journey

Big Data Types: Structured and unstructured data types, real time and non-real time requirements

Distributed Computing: History of distributed computing, basics of distributed computing

#### <u>UNIT – II</u>

**Big Data Technology Foundation:** Big Data stack, redundant physical infrastructure, security infrastructure, operational databases, organising data services and tools, analytical data warehouse, big data analytics

**Virtualization:** Basics of virtualization, hypervisor, abstraction and virtualization, implementing virtualization with big data

**Cloud and Big Data:** Defining cloud, cloud deployment and delivery models, cloud as an imperative for big data, use the cloud for big data

<u>UNIT – III</u>

43

**Operational Databases:** Relational database, nonrelational database, key-value pair databases, document databases, columnar databases, graph databases, spatial databases

**MapReduce Fundamentals:** Origin of MapReduce, map function, reduce function, putting map and reduce together, optimizing map reduce

**Hadoop:** Discovering Hadoop, Hadoop distributed file system, Hadoop MapReduce, Hadoop file system, dataflow, Hadoop I/O, data integrity, compression, serialization, file-based data structure

### UNIT - IV

**Avro:** Avro data types and schemas, in-memory serialization and deserialization, avro datafiles, schema resolution

Pig: Comparison with databases, pig latin, user defined functions, data processing operators

### **UNIT-V**

**Hive:** Running hive, comparison with traditional databases, HiveQL, tables, querying data, user-defined functions

**Spark:** Resilient distributed datasets, shared variables, anatomy of a spark job run, executors and cluster managers,

HBase: HBasics, concepts, clients, HBase vs RDBMS, Praxis

ZooKeeper: ZooKeeper services, building application with ZooKeeper

### NATURAL LANGUAGE PROCESSING

**Course Objectives:** The ultimate objective of NLP is to read, decipher, understand, and make sense of the human languages in a manner that is valuable.

**Learning & Course Outcomes:** NLP is important because it helps resolve ambiguity in language and adds useful numeric structure to the data for many downstream applications, such as speech recognition or text analytics.

Its goal is to build systems that can make sense of text and automatically perform tasks like translation, spell check, or topic classification

Introduction to NLP: Natural Language Processing in real world, What is language, Approached to NLP, Build NLP model: Eights Steps for PATEM NALVILLE AND VISUALIZATION

### UNIT - II

**Text Representation:** Basic Vectorization, One-Hot Encoding, Bag of Words, Bag of N Grams, TF-IDF, Pre-trained Word Embedding, Custom Word Embeddings, Vector Representations via averaging, Doc2Vec Model, Visualizing Embeddings using TSNW and Tensorbaord

**Text Classification:** Application of Text Classification, Steps for building text classification system, Text classification using Naïve Bayes Classifier, Logistic Regression, and Support Vector Machine, Neural embedding for Text Classification, text classification using deep learning, interpret text classification model,

### <u>UNIT – III</u>

**Information Extraction:** Applications of Information Extraction, Processes for Information Extraction. Key phrase Extraction, Named Entity Recognition, Disambiguation and linking of named entity, Relationship extraction

**Chatbot:** Real life applications of chatbot, Chatbot Taxonomy, Dialog Systems, Process of building a dialog, Components of Dialog System, End to End Approach, Rasa NLU,

### UNIT - IV

**NLP for social media:** Application of NLP in social media, challenges with social media, Natural Language Processing for Social Data, Understanding Twitter Sentiments, Identifying memes and Fake News.

### **UNIT-V**

**NLP for E-Commerce**: E-commerce catalog, Search in E-Commerce, How to build an e-commerce catalog, Review and Sentiment Analysis, Recommendations for E-Commerce.

### **Data Visualization**

Objectives: The objective of this course is to teach students the concepts of visualization using data and how it is important in business decisions.

**Course Rationale:** Designed to help you become a successful Data Analyst, this Subject is for those just starting their career in Analytics. It will teach you how to understand data fundamental, analyse the data methodology, techniques, powerful dashboards, Power BI & Visualization power of data along with a strong focus on case studies to ensure hands on learning. Once armed with analytics, you will also learn the powerful data visualization tool like Advanced version of Excel, Power Map, Power BI, Business Intelligence software, Tableau desktop version & other open source tools etc to present your analysis.

### **Course Objectives:**

The basic objective is to understand the data analysis & visualize your data & method, understanding models not just a tool-oriented Analyst.

### **Learning & Course Outcomes:**

To understand this course, it is advisable to have a foundation level knowledge of data analysis & visualization understanding. Data Analytics & Visualization is needed to be every industry for business insight. The job profiles come out after completion of that program is Data analyst, Business Analyst, Business Intelligence, Data Scientist,

Data Architect, Data Statistician, Database Administrator, Data & Analytics manager etc.(Tools req- Microsoft office 2013/16 version, Tableau DATA ANALYTIGS AND VISUALIZATION

### UNIT - I

**INTRODUCTION TO DATA HANDLING** Overview of Data analysis, Introduction to Data visualization, Working with statistical formulas - Logical and financial functions, Data Validation & data models, Power Map for visualize data, Power BI-Business Intelligence, Data Analysis using statistical methods, Dashboard designing.

### UNIT - II

INTRODUCTION TO DATA MANIPULATION USING FUNCTION: Heat Map, Tree Map, Smart Chart, Azure Machine learning, Column Chart, Line Chart, Pie,Bar, Area, Scatter Chart, Data Series, Axes, Chart Sheet, Trendline, Error Bars, Sparklines, Combination Chart, Gauge, Thermometer Chart, Gantt Chart, Pareto Chart etc, Frequency Distribution, Pivot Chart, Slicers, Tables: Structured References, Table Styles, What-If Analysis: Data Tables | Correlation model | Regression model UNIT - III

**Data Strategy & Consumer behaviour Analytics:** Understanding Product & Category, Competitive Analysis, Market Share understanding- Market potential Index, Seasonality-Sales Trending, Consumer behaviour Analytics-MIND AND MARKET FACTORS.

### **UNIT-IV**

Budget planning & Execution- MIMI,

Regression & Correlation Analysis for Sales trending, Forecasting method with predictive investment modelling, Cohort Analysis, Google Analytics(GA), Case Studies-Assignments

### **UNIT-V**

**TABLEAU SOFTWARE: GETTING STARTED WITH TABLEAU SOFTWARE:** What is Tableau? What does the Tableau product suite comprise of? How Does Tableau Work? Tableau Architecture, What is My Tableau Repository? Connecting to Data & Introduction to data source concepts, Understanding the Tableau workspace, Dimensions and Measures, Data Types & Default Properties, Building basic views, Saving and Sharing your work-overview

The MoU is for establishing the collaboration between Quantum University and Siliconmedia.Org in the areas of **Projects, Consultancy, Research Publications and Trainings**. The collaboration between both the parties herein is based upon the principles of mutual interest.

### 1. Preamble

### 1.1 About Quantum University:

Quantum University is a full-fledged university established by the Uttarakhand State Legislature and is included in the list of universities maintained by the University Grants Commission under Section 2(f) with the right to confer degrees as per Section 22 of the UGC Act, 1956.

### 1.2 About Siliconmedia.Org:

Siliconmedia.Org is a company headed by Mr. Munishwar Nath Gulati, an IIT-Roorkee Graduate with 30+ years of Information Technology experience. The company has been providing end-to-end business solutions in the areas of Business & Profit Operations, Strategy Planning, System Analysis, ERP Implementation, Project Management, Consulting, CRM, Content Development, Multimedia/ Documentary Development, Team Management across Automobile, Tourism, Steel and Forging, Jointing Sheet Industry, Ropeway, Apparel, Music, and Education Industry.

### Scope of the Collaboration:

The main activities will jointly be conducted between Siliconmedia.Org and Quantum University, in the areas of Projects, Consultancy, Research Publications and Trainings. The core objectives comprise of, but not limited to, are:

- 2.1 To design and implement programs to train professionals for advanced research/projects/vocational/laboratory/skill training, etc.
- 2.2 To jointly collaborate and submit the research project proposals to Government or Non-Governmental Organizations for grants and funding-related approvals.
- 2.3 To jointly conduct regional, national and international level workshops, training, meetings and conference in the field of research and innovation.
- 2.4 To jointly conduct in-house training programs and various skill development courses for the faculties, scientists/research scholars involved in projects/ studies for smoothly carrying out the research and innovation.
- 2.5 To jointly promote innovation by providing start-up opportunities and business incubation space to students, staff and faculties, as per the prevailing norms of both individuals.
- 2.6 To jointly publish the preliminary research and innovation outcome and or to final research and innovation outcome in peer-reviewed National/International journals, etc.

3)82m

Muming

- To jointly undertake approved/ recognized programs/courses in the areas of interest, with 2.7 mutually agreed terms and conditions.
- 2.8 To jointly collaborate in the consultancy projects for government and non-government organizations.

### 3. General Areas of Cooperation

The MoU details the modalities and general conditions regarding collaboration between Siliconmedia.Org and Quantum University for enhancing, within the country, the availability of highly qualified manpower in the areas of Academics, Research, Innovation and Development without any prejudice to prevailing rules and regulations of Siliconmedia.Org and Quantum University. This will be without any disregard to any mechanism evolved and approved by the competent authorities under the Government of India, in so far as such mechanism applies to Siliconmedia.Org and Quantum University. The areas of cooperation can be extended through mutual consent.

- Organize and conduct short-term certified training programs, fellowships, etc 3.1.
- 3.2. Work on mutually acceptable projects resulting in social benefits.
- Both Siliconmedia.Org and Quantum University shall propose research concepts/ ideas to any 3.3. National / International agencies for financial assistance/ development of innovative ideas/ products/ clinical trials and exchange of personnel through deputation as per the rules of a respective individual or as mutually agreed upon.
- Practical Training of Quantum University Students, Teaching Faculties and Research Fellows. 3.4.
- 3.5. If the outcome of the project related to product development, process technology and design etc. involves a matter of secrecy and is concerned with the security of the State and the Country, the same will not be allowed for publication/ printing in any form such as electronically/ verbal, etc. Neither party will publish the work carried out in this MoU without the knowledge of the other.
- 3.6. In any of the activities mentioned above, wherever financial aspects are involved, amount, payment conditions, etc. would be spelt out clearly before starting the activity.

### Confidential Information:

Siliconmedia.Org and Quantum University agree to not disclose any type of confidential material, knowledge, study results or information. The parties may like to share this but may decide not to disclose it to any third party. In the event it is required to be shared with a third party, except when required by law; then mutual consent in writing must be obtained from the other party, before disclosure. The Non-Disclosure Agreement (NDA) creates a confidentiality relationship between the parties to protect any type of confidential and proprietary information or trade secrets.

- 2.5 To jointly promote innovation by providing start-up opportunities and business incubation space to students, staff and faculties, as per the prevailing norms of both individuals.
- 2.6 To jointly publish the preliminary research and innovation outcome and or to final research and innovation outcome in peer-reviewed National/International journals, etc.
- 2.7 To jointly undertake approved/ recognized programs/courses in the areas of interest, with mutually agreed terms and conditions.
- 2.8 To jointly collaborate in the consultancy projects for government and non-government organizations.

### 3. General Areas of Cooperation

The MoU details the modalities and general conditions regarding collaboration between Siliconmedia.Org and Quantum University for enhancing, within the country, the availability of highly qualified manpower in the areas of Academics, Research, Innovation and Development without any prejudice to prevailing rules and regulations of Siliconmedia.Org and Quantum University. This will be without any disregard to any mechanism evolved and approved by the competent authorities under the Government of India, in so far as such mechanism applies to Siliconmedia.Org and Quantum University. The areas of cooperation can be extended through mutual consent.

- 3.1. Organize and conduct short-term certified training programs, fellowships, etc
- 3.2. Work on mutually acceptable projects resulting in social benefits.
- 3.3. Both Siliconmedia.Org and Quantum University shall propose research concepts/ ideas to any National / International agencies for financial assistance/ development of innovative ideas/ products/ clinical trials and exchange of personnel through deputation as per the rules of a respective individual or as mutually agreed upon.
- 3.4. Practical Training of Quantum University Students, Teaching Faculties and Research Fellows.
- 3.5. If the outcome of the project related to product development, process technology and design etc. involves a matter of secrecy and is concerned with the security of the State and the Country, the same will not be allowed for publication/ printing in any form such as electronically/ verbal, etc. If the outcome of the project results in intellectual property, for which rights can be secured, it will be decided on a case to case basis. Similarly, sharing of expenditure in securing such rights and income accrued through royalty etc. by the parties under the law will be decided on a case to case basis, after mutual consultation.
- 3.6. Neither party will publish the work carried out in this MoU without the knowledge of the other.
- 3.7. In any of the activities mentioned above, wherever financial aspects are involved, amount, payment conditions, etc. would be spelt out clearly before starting the activity.

### 4. Confidential Information:

Siliconmedia.Org and Quantum University agree to not disclose any type of confidential material, knowledge, study results or information. The parties may like to share this but may decide not to disclose it to any third party. In the event it is required to be shared with a third party, except when required by law; then mutual consent in writing must be obtained from the other party, before disclosure. The Non-Disclosure Agreement (NDA) creates a confidentiality relationship between the parties to protect any type of confidential and proprietary information or trade secrets.

### 5. Intellectual Property Rights:

Ownership of any intellectual property (including but not limited to confidential information, know-how, patents, copyrights, design rights, rights relating to computer software or any other industrial or intellectual property rights) developed jointly during this MOU shall be vested in both the parties shall have the joint right to determine the commercial exploitations and disposition of such intellectual property, and both parties shall make a joint application for the registration of the same. Before any registration or commercialization of any intellectual property takes place, the parties agree to reach a separate agreement covering issues such as exploitation rights and revenue sharing.

Any publication regarding such intellectual property shall only be possible with the prior written consent of both parties, such consent not to be unreasonably withheld.

### 6. Amendments / Modifications:

The MoU may be amended or modified by a written agreement signed by the representatives of both parties.

### 7. Adherence to Laws:

Participating faculties, scholars, students etc., involved in any activities under this MoU must adhere to the law of the land and rules/regulations of both parties.

### 8. Legal Effect

Nothing in this memorandum shall be construed as creating any legal relationship between the parties. This memorandum is a statement of intent to foster genuine and mutually beneficial collaboration. By executing this MOU, the Parties agree to move forward in good faith to negotiate and draft an easement for the purposes set out herein.

### 9. Commencement of MoU:

### 10. Dispute Resolution:

Any dispute or difference arising out of or in connection with the interpretation or implementation of this MoU or out of or in connection with the breach, or alleged breach of this MoU, each party shall attempt in the first instance to resolve the conflict amicably by mutual agreement between the two representatives of the organization. Conflicts that can be resolved amicably shall be settled by arbitration.

Siliconmedia.Org and Quantum University welcome the establishment of this memorandum for cooperation and jointly agree to the provisions as set out above.

## Sample Appointment Letter

27th April 2023

Dear Arzoo Parween,

### Subject: Internship Agreement

This Agreement and Appendix 1 setting out the General Terms of Internship is made and entered into this 27th April 2023 by and between Athenian Tech and Arzoo Parween.

Athenian Tech is a company formed under the laws of India (hereinafter referred to as the "Intern" or the "Company". Whereas, the Employer has offered to employ the intern based on the terms and conditions set out in this Internship Agreement and the attached Appendix 1: General Terms of Internship (hereinafter referred to as the "Agreement") and the Intern has accepted to join the Internship of the Company based on these terms. It is hereby agreed as follows:

Accordingly, we propose to contract with you on the following terms and conditions:

## 1. Position and Period of Internship

The Employer hereby appoints the Intern as Cyber Security Intern at Athenian Tech. The Intern shall carry out the duties as the Employer shall specify from time to time. The period of Internship will be from the date of commencement as set out in clause 3 below and shall continue until terminated as outlined in clause of the General Terms of Internship attached as Appendix 1.

### 2. Your responsibilities

We engage you with effect from your acceptance of these terms to provide us with the services described in Schedule A (the "Services"), together with such other services as we may reasonably request in connection with the Project. In addition to the scope of your Services, Schedule A also describes any timelines you must adhere to, as well as the deliverables you are required to prepare.

You agree to perform the Services on time and exercise all reasonable skills and care in your performance.

You shall provide us promptly with any information, data or documents that we may reasonably require in connection with the Services or the Project.

# 3. Commencement

The Intern is expected to join the services of the Employer by 10th May 2023 for a period of 9 months as OJT (on job training) with fixed remuneration of Rs 20,000/- per month. The Internship will commence from the actual date of joining. The PPO shall be offered based on performance, HR compliances and various other parameters.

# Athenian Tech Private Limited.

### 4. Fees and expenses

We will pay you in respect of your professional fees and expenses (relating to the Services) as specified in Schedule B or upon such other terms as we may agree with you from time to time in writing. Unless otherwise agreed between us. You will provide any further information (concerning the work and expenses you have incurred) that we may require.

You acknowledge that your remuneration above shall constitute your sole remuneration in connection with this Internship Agreement or the Services, and you shall not be entitled to or accept for your benefit any trade commission, discount or similar payment in connection with this Internship Agreement, the Services or otherwise in the discharge of your obligations hereunder.

### 5. Termination

We may terminate this Agreement (along with the Schedules and Attachments here too, collectively the "Internship Agreement") immediately upon written notice to you if:

- You are unable to perform the Services or have materially or repeatedly breached any of the terms of this Internship Agreement; or
- b) You perform the Services or any part of them in a manner which is unsatisfactory to us. We reasonably consider the default in performance to be remediable. We will give you 10 days to remedy the problem to our satisfaction. You will be responsible for all additional costs and expenses incurred in the variation or re-performance of Services that have not been deemed satisfactory; or
- c) You become bankrupt (or, in the case of a partnership, any of your partners becomes bankrupt), are adjudicated insolvent, have a liquidator or an administrative or other receiver appointed to manage your affairs or have an order made against you that you be wound up or pass a resolution for your winding up or cease to carry on all or substantially all your business; or
- d) We reasonably determine that such termination is required in accordance with applicable law, regulations or professional obligations (including as a result of circumstances that threaten our professional independence or create a potential conflict of interest); or
- You breach clauses 6, 7 or 8, or if you breach any of your representations and warranties contained in clause16

Such termination shall be without prejudice to any rights we might have which accrued before the termination.

In the event of any termination of this Internship Agreement under clause 5, you shall immediately provide us with all the Works (defined below) you have prepared until the date of such termination. In the event, we terminate this Internship Agreement under clauses 5.1 (a), (b), (c) or (e), you shall compensate us for all reasonable costs incurred by us as a result of such termination

This Internship Agreement shall be valid for 9 Months with remuneration of Rs 20,000/- per month unless terminated earlier in accordance with the terms hereof.

### Intellectual Property Rights

# ATHENIAN TECH Athenian Tech Private Limited.

We will own all rights, title and interest in and to all data, reports, frameworks, specifications, designs, models, analyses, inventions, programs and other property or materials (collectively, the "Works") that you or, if an entity, officers, managers, directors or agents (collectively, "Personnel") develop in connection with the provision of the Services including all copyright interests and intellectual property rights in the Works. You shall perform all such acts as may be reasonably necessary for perfecting the assignment to us of all copyright and other intellectual property rights in the Works. You hereby waive (and if an entity, shall cause your personnel to waive) all moral rights in all jurisdictions.

You acknowledge that during the performance of your Services, you may gain access to specific methodologies, frameworks, know-how, products, processes, ideas, interpretations, models, documentation, manuals, software, discs, reports, research, working notes, papers, data, specifications, designs, analyses, inventions and/or similar items ("Materials") which are proprietary to us, our clients or other third parties. You agree that this Internship Agreement shall not operate to transfer any intellectual property rights or copyright interests in such Materials to you, and we (or our clients or other third parties, as the case may be) shall continue to retain all intellectual property rights and copyright interests in such Materials.

You shall not copy, reproduce, translate, adapt, vary, modify, disassemble, decompile or reverse engineer or otherwise deal with or cause to reduce the value of the Materials except as expressly authorized by us in writing.

# 7. Confidentiality

You shall not contact any of our clients directly without our prior written consent unless expressly required by the scope of your Services. In the course of providing the Services, you will be privy to information of a confidential nature relating to our clients, and you may learn confidential information about us, our business, our systems of work and our clients ("Confidential Information"). You agree that you will use such Confidential Information only in compliance with your obligations under this Internship Agreement, that you will not disclose such information to any third party except to the extent required by law. These restrictions do not apply to information that has entered the public domain or disclosed to you by a third party who is not subject to disclosure restrictions.

# 8. Data Protection

To the extent you collect, use, store or otherwise process (collectively, "Process") Confidential Information that can be linked to specific individuals ("Personal Data") in connection with the performance of your Services hereunder, you shall Process such Personal Data in accordance with applicable law, rules and regulations including (without limitation) the Information Technology Act, 2000 (the "Act"), and the Information Technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011 (the "Rules").

You shall not retain Personal Data for longer than is reasonably required for the performance of your Services.

At our written request at any time during the Term of this Internship Agreement or after, you will either return immediately to us, or destroy, all Personal Data which you may have received or collected under this Internship Agreement and which may be in your possession, including any copies made, and make no further use of such Personal Data. Upon our request, you shall certify that all such Personal Data has been returned or destroyed in accordance with this clause.

We shall have the right to audit your compliance with clauses 6.1 and 6.2 of this Internship Agreement we shall have the 18th Term hereof and for a period of six (6) months after its termination, upon

providing you reasonable prior notice. You will fully cooperate with any such audit that may be conducted.

# 9. Anti-Bribery, Corruption and Money-laundering

In the performance of the Services, you shall comply fully with all applicable anti-corruption, antibribery and anti-money laundering laws, including without limitation the Indian Prevention of Corruption Act, 1988, the U.K. Bribery Act, 2010, the U.S. Foreign Corrupt Practices Act, 1997, the Indian Prevention of Money-laundering Act, 2002, and any laws intended to implement the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transaction, and shall refrain from doing any such act, deed or thing that may cause us to violate such laws.

In the performance of the Services, you shall also comply with all applicable laws including, without limitation, enactments, orders, ordinances, rules, regulations, resolutions, and guidelines as promulgated from time to time and having the force of law. (From now on, referred to as "Applicable Laws").

Without prejudice to the generality of the preceding clause 7.1, you shall not offer, give, receive or solicit (and, if an entity, shall cause your personnel not to offer, give, receive or solicit, directly or indirectly, money or anything of value to or from:

i.any third party to influence their actions or functions improperly or to otherwise gain an unfair advantage;

ii.any of our Interns, managers, partners or other personnel in connection with the performance of the Services to influence their actions or functions improperly or to otherwise gain an unfair advantage;

iii.any Government Official. "Government Official" means any Indian or foreign government official or Intern (including Interns of a government corporation or public international organization), any political party, candidate for public office, judicial officer and any Indian public servant (as defined in the Prevention of Corruption Act, 1988).

None of the fees paid according to this Internship Agreement will be paid directly or indirectly to any of our Interns, managers, partners, other personnel, or a Government Official.

You shall create and maintain precise records in connection with the Services to be performed under this Internship Agreement and shall retain such books and records for a period of 2 (two) years after termination of your Services hereunder. Upon a reasonable request, we shall have the right to inspect your books and financial records to determine your compliance with this clause 7. You will fully cooperate with any such inspection that may be conducted.

You agree that we may disclose the terms of this Internship Agreement, including your identity and the payment terms, to any third party who, in our judgment, has a legitimate need to know, including Government agencies.

You hereby warrant and represent that to the best of your knowledge, following due enquiry, neither you nor any of your Associated Person, wherever applicable, ("Associated Person" in relation to you shall mean a person who performs or has performed services for or on behalf of you), has been the subject of any investigation, inquiry or enforcement proceedings by any governmental, administrative or regulatory body, regarding any offence or alleged offence under the Anti-Corruption Laws and no such investigation, inquiry or proceedings are pending or have been threatened, and there are no circumstances likely to give rise to any such investigation, investigation or proceedings. You further warrant and represent:

# Athenian Tech Private Limited.

- a) You shall perform your obligations under this Agreement in compliance with the Anti-Corruption Laws and Applicable Laws and maintain its policies and procedures to ensure strict compliance.
- b) There shall be no cap on your liability for breach of clause seven herein.
- c) You shall not do or omit to do any act that will cause us to be in breach of the Anti-Corruption Law and Applicable Law.
- d) You shall make it clear to Associated Person, including your staff and sub-contractors, as applicable, that you do not accept or condone the payment of bribes, including facilitation payments, on your behalf.
- e) You shall promptly report to us any request or demand for any undue financial or another advantage of any kind received by you in connection with the performance of the services under this Agreement.

## 10. Conflict of Interests

You shall establish and maintain appropriate business standards, procedures and controls to ensure that no conflict of interest arises out of your performance of the Services, and precisely (without limitation) between Services undertaken for any of our clients and any other services you or your affiliates may perform for such client. You shall not accept or engage in any assignment that would conflict with your prior or current obligations to other clients or that may place you in a position of not carrying out the Services in our or our clients' best interests.

## 11. Severability

The validity of this Agreement shall not be affected should one or more of its terms or conditions be or become legally invalid so long as such Term or condition is severable from and not fundamental to the obligations of either Party to this Agreement. In such case, the Parties shall negotiate in good faith to replace the invalid provision(s) with a legally valid and enforceable provision(s) that serves the same purpose or the purpose closest to the invalid or unenforceable provision(s) to the greatest extent possible.

# 12. Working Hours and Business Travel

- 12.1. The Intern shall work in accordance with the office timings of the Company and/or as specified by the Employer. The Intern shall work a minimum of eight (8) hours a day and forty (48) hours per week. At its discretion, the Employer may change the work timings at any time, and the Intern agrees to work such changed work timings.
- 12.2. If required, the Intern shall work a reasonable number of hours above the Company's working hours. The Employer will pay no additional salary or allowance for such overtime as this has been considered and factored in determining the Intern's salary and allowances.
- 12.3. The intern will not be allowed Work-from-home (WFH). Work from home will only be permitted with the approval of the immediate supervisor in case of an emergency.
- 12.4. The Intern shall abide by Employer's rules, regulations and practices concerning vacation, sick leave and other matters as in effect from time to time. Intern shall be present at Employer's place of business each business day or different appropriate business location as designated during Employer's office hours, except when making calls on Employer's business and except for vacation and other absences taken in accordance with Employer's policies. This Agreement shall be deemed

to have been made and performed in each state in which Intern has performed duties for Employer, including each state in which there is an office in which the Intern has carried out work.

# 13. Leave Policy

- 14.1. The Intern shall be entitled to a paid leave of 9 days which includes 6 casual leaves and 3 sick
- 14.2. The Intern will be entitled to up to 7 days of examination leave with valid support submitted.
- 14.3. Unless expressly agreed by the Employer in writing, the Intern shall not avail any leave from the date of resignation or termination of services until the end of the notice period.

# 14. Ethics and Independence

The Intern agrees to comply with all ethics and independence requirements of the Company.

# 15. Code of Conduct and Dress Code

The reputation of the Company is reinforced by the conduct and professionalism of its staff. When dealing with clients, the Intern is expected to observe due decorum, respect, politeness and courtesy. The Intern is expected to wear standard business attire.

# 16. Notice Period

During your internship period, starting the day you join the Company, either you or the Company may terminate your employment with at least 30 days written notice ("Notice Period") or payment of wages in lieu of such notice period.

# 17. Whole Agreement

Each Party acknowledges that this Agreement contains the whole Agreement between the parties and that it has not relied upon any oral or written representation made to it by the other and has created its independent investigations into all matters relevant to it.

This Agreement supersedes any prior agreement between the parties, whether written or oral, and any such prior agreements are cancelled as at the date of this Agreement but without prejudice to any rights which have already accrued to either of the parties.

## 18. Waiver

The failure by either Party to enforce at any time or for any period any one or more of the terms or conditions of this Agreement shall not be a waiver of them or the right at any time subsequently to enforce all terms and conditions of this Agreement.

# 19. Miscellaneous

a. Your appointment under this Internship Agreement will be as an Intern. You expressly acknowledge that you do not have the authority to bind us in any way. You shall not subcontract any portion of the Services hereunder without our prior written consent. The Agreement shall not entitle you to claim permanent employment with either ATHENIAN TECH or the client.

# Athenian Tech Private Limited.

- b. You represent and warrant that as of the date of this Internship Agreement and throughout its duration:

# Letter of Intent

# congratulation;

This is to inform Harshita Sati that have been shortlisted in \_\_Corporate Training Program\_\_ for the Chetu. During the 90 days of basic training, Students will learn fundamental Coding/Programming etiquette, the basics of Chetu company culture, and proper work ethics. Students will need to perform up to the Chetu training standards, and will be evaluated through weekly tests that consist of both theoretical and practical usage concepts of technology. Please note that this training will be un-paid, however, upon completion of the training, the Student is eligible for our OJT (On-the-Job Training) program.

Students that graduate to the OJT program will be paid with the stipend of ₹15,000/month. This OJT will run for three months, where a Chetu Team Lead (TL) will evaluate each week the Student's performance. Provided that the feedback is consistently favorable on a weekly basis, the Student will then be eligible to continue further training until the end of the three months where they are brought on as a full-fledged team member. We will convey the exact date of training to your TPO/Placement Officer.

Congratulations again, and we look forward seeing you at Chetu!

If you accept this offer, your start date will Tuesday, 18-Jul-23

Should you accept this offer letter, we would like to have your acceptance within 24 hrs. In the meantime, please feel free to contact us via email or phone, if you have any questions.

We are all looking forward to having you on our team.

Best regards,

Nogo Lukak

Mehak Deep Singh

Co-founder and Director

#### I. Position

#### Job title

Your title will be Dietitian

#### Working schedule

This is a full-time position. Your regular weekly schedule will be 6 days a week. Each work day constitutes a minimum of 9 hours including lunch breaks to perform the services of the company. Your weekly off will be a day communicated to you by the management.

#### **Employment Relationship**

Employment with the Company is for no specific period of time. Your employment with the Company will be "at will," meaning that either you or the Company may terminate your employment at any time and for any reason, with or without cause. Any contrary representations that may have been made to you are superseded by this letter agreement. This is the full and complete agreement between you and the Company on this term. Although your job duties, title, compensation, and benefits, as well as the Company's personnel policies and procedures, may change from time to time, the "at-will" nature of your employment may only be changed in an express written agreement signed by you and a duly authorized officer of the Company (other than you.)

#### II. Compensation

#### **Salary**

The Company will pay you a starting salary at the rate of **INR 300000 annually i.e., inclusive of all allowances (details appended in Annexure 1 on the last page),** which is payable in accordance with the Company's standard payroll schedule. This salary will be subject to adjustment pursuant to the Company's employee compensation policies. You will also be covered in the **Provident Fund** scheme as per government regulations.

#### Tax withholding

All forms of compensation referred to in this letter agreement are subject to reduction to reflect applicable withholding and payroll taxes and other deductions required by law.

#### **Tax Filing**

You shall be responsible for filing your tax and personal returns and comply with other requirements under the Indian Tax Law.

#### Tax advice

You are encouraged to obtain your own tax advice regarding your compensation from the Company. You agree that the Company does not have a duty to design its compensation policies in a manner that minimizes your tax liabilities, and you will not make any claim against the Company or its Board of Directors related to tax liabilities arising from your compensation.

#### **III. Probation Policy**

Your employment with the Company will be on probation for a period of three (3) months from your date of joining, which period may be either extended or reduced at the sole discretion of the Company based on your performance. Your employment will be confirmed upon successful completion of the probationary period unless otherwise communicated to you. Please understand, however, that completion of the Probation Period does not guarantee permanent employment. However, the company may choose to terminate your employment at any time, as per the terms and conditions of your employment offer by giving notice of 15 days.

"Upon joining, you will have an induction and classroom training. However, if you fail to achieve the required scoring in Classroom Training or if the Company terminates your employment, for any reason, or if you leave the Company you will have to exit the Company forthwith and no salary will be payable.

Upon successful completion of classroom training, you will need to successfully complete your Probation period for 3 months considering your Date of Joining. During this period if the Company terminates your services, for any reason whatsoever, or if you leave the Company, then only 50% of the agreed salary shall be paid to you as compensation for the number of working days."

#### IV. Leave policy

You will be eligible for Leave (Casual / Privilege) = 25 working days (maximum) (Casual Leave- 7, Privilege - 18) in a calendar year (April- March). Paid time off is additional to bank holidays and days that the company does not operate.

#### V. Privacy and Confidentiality

#### **Privacy Agreement**

You are required to observe and uphold all of the Company's privacy policies and procedures as implemented or varied from time to time. Collection, storage, access to, and dissemination of employee personal information will be in accordance with privacy legislation.

#### **Conflict of Interest policy**

While you are employed at this Company, you will not engage in any other employment, consulting, or other business activity (whether full-time or part-time) that would create a conflict of interest with the Company. By signing this letter of agreement, you confirm that you have no contractual commitments or other legal obligations that would prohibit you from performing your duties for the Company.

#### **Proprietary Information and Inventions Agreement**

Like all Company employees, you will be required, as a condition of your employment with the Company, to sign the Company's standard Proprietary Information and Inventions Agreement.

#### **VI. Termination Conditions**

The Company reserves the right to terminate the employment of any employee for just cause at any time without notice and without payment in lieu of notice. The Company will be entitled to terminate your employment for any reason other than for just cause, upon providing to you such minimum notice as required by law.

#### VII. Notice Period

Employees who voluntarily resign from the Company are asked to provide at least one-month advance notice of their resignation. This notice should be in writing and should briefly state the reason for leaving and the anticipated last day of work.

The employee needs to serve the Notice Period for One Month as per the company's policies

If you are in your Probation Period which is for the First 3 (Months) of employment the Notice Period to be served will be for 15 (Fifteen) Days.

In case the employee decides to leave without serving the notice period or is asked to leave as a result of a violation of our policies, Fitelo reserves the right to reclaim the Notice Pay recovery i.e. One Month's Salary, and also if any performance bonuses have been given to the employee in the last 6 months or hold the salary.

#### VIII. Interpretation, Amendment, and Enforcement

This letter agreement supersedes and replaces any prior agreements, representations, or understandings (whether written, oral, implied, or otherwise) between you and the Company and constitutes the complete agreement between you and the Company regarding the subject matter set forth herein. This letter agreement may not be amended or modified, except by an express written agreement signed by both you and a duly authorized officer of the Company.

You may indicate your agreement with these terms and accept this offer by signing this agreement. Upon your acceptance of this employment offer, Fitelo will provide you with the necessary paperwork and instructions.

Best regards,
