Date: 21st Aug 2019

Dear Students,

We are pleased to announce an insightful workshop on "Flow Of Control In C," organized by the Codex Club, scheduled for September 7, 2019. Under the expert guidance of Faculty Coordinator Mr. Himanshu Tyagi and Student Coordinator Mr. Abhishek Sagar, this workshop aims to delve into the intricacies of flow control mechanisms in the C programming language.

Attendees can expect to gain a deeper understanding of conditional statements, loops, and branching structures, essential components for effective programming. Whether you're a novice programmer or looking to sharpen your skills, this workshop offers a valuable opportunity to enhance your knowledge and proficiency in C programming.

For further details and registration, please contact the Codex Club. Don't miss out on this chance to elevate your programming expertise!

Dear Students,

It is our pleasure to announce an upcoming event organized by Pahal - Social Club aimed at spreading awareness about Rain Water Harvesting.

Date: 29/09/2019

Objective: Rainwater harvesting is a crucial technique for conserving water and mitigating the effects of water scarcity. This program aims to educate participants about the importance of rainwater harvesting and its implementation in both residential and commercial settings.

Activities:

1. Presentation on the significance and benefits of rainwater harvesting.
2. Demonstration of practical rainwater harvesting methods.
3. Interactive session to address queries and concerns.

Faculty Coordinator: Mr. Pavan Kumar Varshney

Student Coordinator Mr. Vikas Kumar

We encourage all interested students and faculty members to attend this enlightening event and contribute towards sustainable water management practices.

Dear Students,

We are pleased to announce an upcoming workshop organized jointly by the Impulse and Agni Clubs, focusing on the intricacies of Vehicle Dynamics.

Date: 21/09/2019

The Workshop on Vehicle Dynamics aims to provide participants with a comprehensive understanding of the principles governing the movement and behavior of vehicles.

Activities:

1. Presentation on fundamental concepts of vehicle dynamics.
2. Practical demonstrations and simulations.
3. Group discussions and problem-solving sessions.

Faculty Coordinator: Mr. Vivek Kumar Sharma

Student Coordinator: Mr. Divya Prabhat

We invite all automotive enthusiasts and engineering students interested in expanding their knowledge of vehicle dynamics to attend this workshop.
